

## Economic Setup 1,000-Day Flop, Goldwater Says

NEW YORK (AP)—Sen. Barry Goldwater has called President Kennedy's economic program a 1,000-day flop—and suggested that New York Gov. Nelson Rockefeller join him in attacking the Democratic administration instead of other Republicans.

The Arizona senator said Rockefeller's criticism of his stands—which has been concentrated on Goldwater foreign policy views—is not doing the Republican party any good.

**Wasted Spending**  
He told a news conference Wednesday night Republicans should join in training their sights on Kennedy and the Democrats, not on each other.

In the speech that followed, Goldwater said Kennedy's economic leadership has Americans "bewildered, incredibly confused and badly defensive about the basic sources of this nation's historic economic strength."

Goldwater told some 1,500 business leaders that administration economic measures add up to "nearly a thousand days of wasted spending, wishful thinking, unwarranted interventions, wishful theories and waning confidence."

"One thousand days of barely concealed conflict with the very system of enterprise on which the nation has been built and on which much of the world must depend," Goldwater called it.

**Dollar In Trouble**  
He told the banquet sponsored by the business magazine "Financial World" that under Kennedy "the dollar, which is and must remain the free world's fiscal anchor, faces its gravest challenge since the turn of the century."

He said there is talk of devaluing the dollar—"and let me remind you that this devaluation could come in spite of anyone's desire not to have it happen."

Goldwater said if he won the nomination and the White House, his first economic move would be to "get off the back of American businessmen."

The senator said he would ask Congress to overhaul the nation's tax laws from top to bottom.

In his address, Goldwater said the tax structure "represses business expansion, distorts the use of resources and is today one of, if not our major, economic problems."

## Kurds Surrender

BEIRUT, Lebanon (AP)—Baghdad Radio claimed today that Kurdish rebels in North Iraq are surrendering in increasing numbers to the Iraqi army.

The rebels have been waging war for self-rule for two years.

## Weather

By The Associated Press

Upper Pen.—Cloudy and cool this afternoon and tonight with occasional showers late this afternoon or tonight, possibly becoming mixed with snow flurries and turning colder late tonight or Friday. Low tonight 30 to 38, high Friday 37 to 44.

Lower Mich.—Cloudy and cool this afternoon and tonight with occasional showers. A few thundershowers this afternoon and evening. Friday, considerable cloudiness, windy and turning colder with scattered showers possibly becoming mixed with snow flurries. Low tonight 34 to 40 north and 38 to 45 south, high Friday in the 40s north and 46 to 53 south.

Highest temperature Wednesday 56, lowest 33.

Highest temperature one year ago today 44, lowest 35.

Highest temperature this date since 1872, 79 in 1933, lowest 24 in 1873.

The sun sets today at 5:29 p.m. and rises Friday at 7:06 a.m.

The moon rises today at 5:25 p.m. and sets Friday at 6:51 a.m.

## Civil Rights No Partisan Issue, President Says

PHILADELPHIA (AP)—President Kennedy told a Democratic rally Wednesday night in Philadelphia—where racial tensions and the current election campaign are closely intertwined—that civil rights is not a partisan issue.

He spoke at a \$100-a-plate fund-raising dinner in support of incumbent Mayor James H. J. Tate, who is seeking election Nov. 5 to a full four-year term. Tate has accused his Republican opponent, James T. McDermott, of "playing for the white vote." McDermott, denying the charge, says Philadelphia's present social climate is "as bad as it can be," because of indecisiveness by Tate.

Kennedy, departing from his prepared text, told some 11,000 gathered in Convention Hall that civil rights "is not a partisan issue or a Republican or Democratic issue. It is a matter of concern to all Americans."

Referring to his administration's efforts to obtain passage of civil rights legislation, he added, "and with bipartisan support, and that means Republicans as well as Democrats, we are putting forward legislation which is strong, just, effective, and reasonable, to ensure all Americans the rights and opportunities which they deserve."

The civil rights problems facing Kennedy are also being played out in miniature in Philadelphia, and are viewed by

## Park At Rudyard Sold For Dollar

LANSING (AP)—Two roadside parks have been sold for \$1 each to the Chippewa and Cheboygan county road commissions by the Highway Department. Both parks are on former state highways, to be replaced by freeways. The Chippewa County park is on U.S. 2 north of Rudyard. The Cheboygan County park is on former U.S. 27 south of Wolverine.

## Idea For Direct Air Service To Moscow Shelved

WASHINGTON (AP)—The United States and Russia have quietly shelved the idea of establishing a direct New York-Moscow air service.

Officials declined to say why, but there were hints that neither side was too enthusiastic about it now at the end of the summer tourist season.

The two countries were near an agreement on the air route in 1961 when the Soviets built the wall in Berlin, suddenly freezing the international climate.

The issue was revived last summer when, in the wake of the limited nuclear test ban pact, the administration listed it among the bilateral problems

many observers as the key issue in the mayoralty campaign here.

Negro demands for what they term fair practices in labor and housing have created a steadily increasing pressure which has erupted in recent months into occasional picket-line violence, teen-age slash-and-run attacks, and, just last week, rioting over the shooting of a Negro shoplifting suspect by a white policeman.

## Viet Nam War Victory Sighted

TOKYO (AP)—America's top military commander in South Viet Nam said today at least 1,000 of the 15,000 American troops in Viet Nam will be on their way home within two months.

The statement by Gen. Paul D. Harkins, made in Saigon to a correspondent of the Stars and Stripes, was in line with a White House announcement earlier this month.

The White House said after an inspection trip by Defense Secretary Robert S. McNamara to South Viet Nam that 1,000 American military personnel who have been training Vietnamese troops probably could be withdrawn by the end of this year.

Harkins told the Stars and Stripes "victory in the sense it would apply to this kind of war" is just months away.

"There won't be any victory parades as such," Harkins said, "because there will be sporadic incidents for a long time to come. But I can safely say that the end of the war is in sight."

# Three Russian Diplomats Expelled In U.S. Spy Plot

## Michigan Tax Reform Parcel Ready To Roll

LANSING (AP)—A decision was expected from Gov. George Romney and Republican legislative leaders today on whether to start the revised tax reform program moving in the House or Senate—and when to do it.

House Speaker Allison Green, R-Kington, indicated he would propose the decision be made when Romney met with the 10-member leadership committee today.

"There still are some amendments to be written, but it's the feeling of the House Republicans that we've reached the point where the program should be sent to the floor," Green said.

The basic decision would be made on the basis of estimated strength for the tax reform package among majority Republicans in each chamber.

Neither the House nor the Senate GOP caucuses took formal polls Wednesday on the package.

In both House and Senate caucuses, the state income taxes and exemption of groceries and drugs from the sales tax appeared to be main points of contention.

The legislature was to adjourn after today's brief session, but Green indicated a "head count" of GOP strength on the total package would be taken in the House when lawmakers return Monday.

"We'll put a call of the House on if necessary to be sure everybody is here," said the speaker. "It's entirely possible the program could be on the floor of one chamber or the other by the end of next week."

Among Republicans in both chambers, there was opposition to the proposal for exempting food and drugs from the four percent sales tax.

Senate majority leader Stanley Thayer, R-Ann Arbor, said the Senate GOP caucus was at a standstill on the question of the exemption, which would take an estimated \$92 million a year from state coffers.

## Six Are Lost In Maine Snow

MILLINOCKET, Maine (AP)—Two young airmen, lost on a hunting trip, were found today but four other persons still were missing in Maine wildlands whipped by two successive storms.

State police said Charles Balonis, 21, of Weymouth, Mass., and Larry Baker, 20, of Charles City, Iowa, apparently were in good condition.

They disappeared Tuesday while hunting near Van Buren, some 20 miles north of Loring Air Force Base. They were flown by helicopter to the base hospital.

Relays of rescue teams pressed searches for two other hunters, and a man and woman lost on mile-high Mt. Katahdin. Their task was hindered by deep snow and continued high winds.

The ground search for a woman and a park ranger in the rugged basin area of mile-high Mt. Katahdin, north of Millinocket, was reinforced today by four experienced mountain climbers from the University of Maine.

The missing woman, Mrs. Margaret Ivusic, about 50, of Boston, was camping on the mountain in balmy weather last weekend with a companion, Mrs. Helen Mower, Concord, Mass.

Mrs. Ivusic became exhausted Monday and stopped on the trail while Mrs. Mower went to the Baxter State Park Camp of ranger Ralph Heath, 37, of Sherman, for assistance.

Heath traced the trail used by the two widows and once exchanged calls with Mrs. Ivusic Monday but could not locate her. He set out again Tuesday morning just before a heavy snowstorm hit the mountain and hasn't been heard from since.

## Entertainer, 49, Found Strangled By Coat Hanger

KALAMAZOO (AP)—A Kalamazoo entertainer was found strangled with a coat hanger Wednesday night in her trailer park home.

Police said Mrs. Averill Cropp, 49, had been dead at least two days when her body was discovered by a neighbor.

Sought for questioning was a man who, police said, apparently had been sharing the woman's home. Police identified him as Vernon E. Bowers, 48.

## Johnson Sure Of Place On 1964 Ticket

WASHINGTON (AP)—Sen. Hubert H. Humphrey said today "it is inconceivable" that Vice President Lyndon Johnson will be dumped from the 1964 Democratic ticket.

Humphrey, the assistant Democratic leader, described as "unwarranted speculation" reports that he is a possible substitute for Johnson as President Kennedy's running mate in his bid for a second term.

"It is inconceivable that Vice President will not be renominated," the Minnesotan said in an interview. "He has done a fine job and I am for him."

Humphrey, who is expected to lead the fight in the Senate for Kennedy's civil rights legislation, noted that Johnson supports this measure and has worked and spoken for racial equality.

This activity has diminished Johnson's popularity in the South, where the former senator from Texas helped Kennedy win the presidency in 1960.

But Humphrey said he doesn't think the party would be any better off with some other vice presidential candidate either in the South or in the North.

"We won't solve our problems by temporizing with them or substituting another candidate for Johnson," he said.

President Kennedy made it clear a year ago last May in a news conference that Johnson "will be on the ticket if he chooses to run," Johnson does choose to run.

Kennedy's associates said Johnson's renomination is such an accepted fact around the White House that the President hasn't even bothered to discuss it with the vice president.

## Soviets Linked With Snatch Of Air Force Data

UNITED NATIONS, N.Y. (AP)—Three members of the Soviet U.N. delegation accused by the United States of taking part in a spy plot will leave for Moscow Friday night, informed sources said today.

The United States demanded Wednesday that the three be expelled from U.S. territory on grounds they violated diplomatic immunity by helping another Russian and an American electronics engineer in an attempt to gain top secret information from a New Jersey firm engaged in government work.

The Soviet U.N. mission declined to say whether it would comply with U.S. demand, but the informed sources said the three have booked airline passage for the trip back to Moscow.

The Russian government was expected to protest the expulsion order and reject the espionage charge. A member of the Soviet U.N. delegation claimed the case was a provocation to prevent further improvement of U.S.-Soviet relations.

The three ordered expelled were Gleb A. Pavlov, 39, an attaché; Yuri A. Romashin, 38, third secretary; and Vladimir I. Olenov, 37, identified only as a member of the Soviet delegation.

The Federal Bureau of Investigation linked the three with two persons arrested on spy charges in a railroad station parking lot in Englewood, N.J., Tuesday night—Igor A. Ivanov, 33, of New York City, Russian chauffeur for Amtorg, the Soviet government trade agency, and John William Butenko, 38, of Orange, N.J., control administrator for the International Electric Corp. of Pramus, N.J.

The FBI said Butenko met Ivanov, Pavlov and Romashin in the parking lot and handed them a briefcase containing data on "a highly sensitive Air Force contract" being handled by International Electric.

The corporation is working on a worldwide electronic control system for the Strategic Air Command.

Romashin and Pavlov were arrested with Ivanov and Butenko but were released because of their diplomatic status. FBI agents said they found a minute document copy that worked from a cigarette lighter in Pavlov's car.

## Father Of Four Faces 3 Lansing Kidnap Charges

LANSING (AP)—Three separate counts of kidnaping face a Saginaw man charged with abducting and molesting a 5-year-old girl.

Ironically, John F. Clay, 33, father of four young sons, today started serving concurrent five-day terms for a minor traffic violation.

A witness provided the first tip that led to the arrest and charging of Clay—for improper backing of a car and failure to report a property damage accident.

Police traced the lead and investigated Clay because he fit the description given by the kidnap victim, Michelle Moran, 5, daughter of an East Lansing school teacher.

Michelle and her brother, Frank, 8, who saw his sister, snatched from a car parked at a Lansing shopping center, furnished the descriptions. The mother had left them to buy Halloween candy.

Clay demanded examination Wednesday when arraigned. Bond was set for \$20,000. Examination was set for Nov. 6.

Michelle was found Saturday morning, abandoned in a ditch, bruised and abused, a physician reported.

Ingham County Prosecutor Leo Farhat said today

John F. Clay

ping counts were listed in the charges because such offenses fit three different sections of the state statute.

The three counts charged Clay with secret confinement, malicious kidnapping for the purpose of secret confinement and forcibly taking away a child with intent to detain her from her mother.

Conviction on any one of the charges could mean a life sentence.

## Lansing Session Seeks To Save Fish Industry

By The Associated Press  
A committee at Lansing today studied ways to rescue Michigan's fishing industry from the downside following seven deaths attributed to botulism in smoked fish.

Meanwhile, Charlevoix's commercial fishing fleet was halting most of its operations, adding to some 20,000 worker layoffs that have resulted from a plunge in fish sales.

At Washington, the National Fisheries Institute agreed that, in the future, smoked fish from the Great Lakes will be frozen immediately after smoking, and plainly marked "perishable—keep frozen."

The Food and Drug Administration announced the institute's decision. It said its recommendation stands that all smoked fish products from the Great Lakes area now on grocery shelves or in homes should be destroyed.

The committee at Lansing was appointed Wednesday by Gov. George Romney. Romney said its aim "will be to make sure adequate steps are being taken to protect public health and to consider immediate and long-range legislative and administrative action."

He said the committee will "make public information as

specific as possible so there will be no undue damage to the industry."

"The faster we re-establish public confidence in the products, the faster these people can get back to their jobs in the industry," said Albert Applegate, an aide to Romney.

The committee included officials from state agencies, specialists from universities, spokesmen from the fishing industry and officers of the FDA.

One Charlevoix fisherman who is closing operations, John Cross, has employed 18 men on two tugs. "I don't know what we'll do," he said. "We're pulling in all our nets and will stop all operations except for perch."

He said three other commercial fishermen, who employ 11 men, also are pulling in their nets. This would leave only the Ward Brothers operating out of Charlevoix. They have one tug, used for perch fishing.

Tom Brown, owner of Brown Fisheries at Whitefish Point in Upper Michigan, planned to dismiss the 20 fishermen he employs and pull in his nets for the last time today. He said there no longer is a market for the fish. His family's firm has been taking fish from the Great Lakes since the days before the Civil War.

## Hiking Grandpa Returns To Soo For I-75 Party

TOLEDO, Ohio (AP)—Michigan's hiking grandfather, Marion Pearson, gave his feet a rest today as he headed back toward Sault Ste. Marie in a motorcade.

The 64-year-old Grand Rapids businessman arrived at nearby Sylvania, Ohio Wednesday, completing a 385-mile walk from the Michigan Soo.

He made the 11-day hike to call attention to the opening Friday of the final stretch of the Interstate 75 freeway—a wide ribbon of concrete that will provide non-stop motoring from the Ohio line to the Soo.

"You have to blow out the carbon in your system, just like you have to blow out the carbon in a car," the puffing Pearson told newsmen at Sylvania.

He confided that he doesn't do "any walking around home."

"I don't even walk around the block," he said.

All along the freeway, Pearson invited mayors to the dedication of the freeway section at Rudyard, Mich., Friday.

"I imagine I've invited about 30 mayors and most of them are going to be there," Pearson said.

Pearson said he would pick up his invited guests as the motorcade moves north through Michigan.

He will be one of the featured guests tonight at a dinner at Sault Ste. Marie. About 40 officials, including Michigan Highway Commissioner John C. Mackie, will be on hand.

The officials will participate in cutting freeway ceremony at the way ceremony at the Rudyard interchange 22 miles south of the Soo. Airmen from Kincheloe Air Force Base also will take part in the ceremony.

The final 22-mile leg of I-75 between Rudyard and a point eight miles north of St. Ignace will be opened to traffic.

The 385-mile Ohio-to-Soo freeway was built at a cost of about \$200 million, a highway department spokesman said.

## Chicago Dope Ring Cracked

CHICAGO (AP)—Twelve persons were arrested Tuesday night, cracking what federal investigators said was a \$10-million-per-year narcotics ring which controlled 80 per cent of the dope traffic in Chicago.

Among those arrested was a reputed henchman of the Chicago Cosa Nostra "family," Americo (Pete) DePietto.

Charles G. Ward, chief of the Chicago office of the Federal Narcotics Bureau, said 35 ounces of heroin estimated at \$17,500 was seized in the arrests.

Ward said the arrests, which he described as the most important narcotics seizures in Chicago history, came after a federal grand jury returned two suppressed indictments naming 41 persons on narcotics violations.

Ward said the ring controlled by Cosa Nostra had raked in more than \$30 million in narcotics sales since 1960.

Ward said DePietto, a resident of suburban Lombard, is the "narcotics officer" of the Chicago Cosa Nostra "family," and answers only to reputed crime boss Momo Salvatore (Moe) Giancana.

Mobster Joseph Valachi has told a Senate Rackets subcommittee that Giancana is head of the Chicago "family."

## Melvindale Band Plans Trip To Pasadena Parade

MELVINDALE (AP)—School officials in this Detroit suburb have decided to defy a warning that the school system faces probation if its high school band marches in the New Year's Day Tournament of Roses Parade at Pasadena, Calif.

The Melvindale School Board unanimously approved the trip Tuesday night after the North Central Association of Schools warned that the school system would be placed on a one-year probationary period.

Earlier, the association had threatened to withdraw Melvindale High's accreditation if the board continued with plans to send the 104-member band to the Tournament of Roses Parade.

School Supt. Robert Evans said about \$29,000 of the \$33,000 required for the trip already has been raised.

# Escanaba Gets Salute For Its Aid To Teacher

Rear Admiral R. J. Whitney, retired, of Long Beach, Calif., is proud of Escanaba. It's not just that the admiral was born and lived in Escanaba, but also because he read in the Long Beach Press-Telegram about the Escanaba project of heart which sent its injured guest, school teacher Duane Carlsen, 31, to his new home in Long Beach in an ambulance plane after an automobile accident in which his wife, Lucille, was killed here last Aug. 6.

Carlsen had a contract to teach at Washington Junior High School this fall and was headed west with his family to make his new home in Long Beach when the accident happened near Kipling. His wife was with him in the front seat of their car, their son, Brent 8, and daughter, Kimmie, 6, were in the back seat. They had driven from Wayne, Mich., en route to Long Beach, where Carlsen's parents, Mr. and Mrs. Victor Carlsen moved from Michigan 5 years ago.

All the Carlsons were wearing seat belts when the collision occurred. "I'm sure they saved three of us," he said. The two children escaped with minor injuries. Mrs. Carlsen died three hours after the crash. Carlsen's right arm and leg were fractured and he suffered broken ribs and a gash in his forehead.

"Carlsen, with his arm and leg in traction," said the Press-Telegram "was virtually helpless and seemingly alone in a hospital in a strange town. It was a frustrating plight for a self-reliant man who had won his master's degree in education while teaching industrial arts and coaching basketball and baseball in junior high school."

"But Escanaba, though a small town—16,000 population—is full of warm hearts, Carlsen soon learned. 'Total strangers came in to visit me,' he recalls with obvious appreciation. 'People who were patients in the hospital came back to see me and teachers from the local schools dropped by.'"

"Long Beach, too, he learned has a warm heart. 'The faculty at Washington sent me flowers and cards,' he said. 'I hadn't even reported to the school. They didn't know me. But they cared.'"

The Long Beach newspapers told its readers about the project by which Michigan Education Assn. members meeting in Escanaba, Garden City teachers and school members raised \$1,500 to pay for Thorin Aviation ambulance plane flight for Carlsen, in a special fracture cast, from Escanaba to Long Beach. He arrived Saturday and on Sunday was able to receive visitors.

"I hope to be out of my casts in another six weeks," he said. "Maybe by spring I'll be able to do practice teaching."

## Obituary

**WILLIAM J. FISH**  
Funeral services for William J. Fish were held at 9 a. m. today at St. Patrick's Church. The Rt. Rev. Msgr. Martin B. Melican officiated. Burial was in Holy Cross Cemetery. Pallbearers were Bernard, Carl and George Terrien, Robert Finley, Carl C. Lang and Joseph Kroll.

**EDWARD BEAUCHAMP**  
Rites for Edward Beauchamp were held today at 10:30 a. m. at St. Thomas Church with Father Donald Shiroda officiating. Burial was in Gardens of Rest Cemetery. The pallbearers were Robert and Clarence Grabowski, Nick Joran, Stanley Sheehan, Edward Kositzky and Gerald Potvin.

PEDESTRIAN CROSSING lines are being painted and street lighting is being installed along S. 23rd St. by Escanaba city crews. John DeChantal of the public works department is pictured with the painting machine. The crossings are in the vicinity of the new Escanaba Area High School. (Daily Press Photo)

CONCRETE poles, something new for Escanaba, are being installed on S. 23rd St. to 8th Ave. S. William Van Effen, electric department superintendent, said the saving over steel is \$46 per pole. The 26 poles will be erected but wiring except for "critical corners" will not be completed this fall. (Daily Press Photo)

## In Service

Vernon C. Sivertsen, musician third class, USN, son of Mrs. C. Lemire of 222 North-14th St., serving with the staff of Commander Sixth Fleet aboard the nuclear powered cruiser USS Long Beach, participated in a NATO exercise entitled "South Trap", Sept. 25-28, with the Sixth Fleet in the Mediterranean. "South Trap" included carrier task force operations, antisubmarine warfare exercises, and an amphibious assault landing in Turkish Thrace. Armed forces of the U. S., Greece, and Turkey participated in the exercise.

Roger A. Swanson of Escanaba has been promoted to airman first class in the United States Air Force at K. I. Sawyer AFB. He is assigned to the 410th Bombardment Wing here as an aircraft ground equipment repairman.

The airman, son of Mr. and Mrs. Roy Swanson of 208 S. 18th St., is a graduate of Escanaba Senior High School. He is married to the former Marilyn K. Dufour of 803 S. 13th St.

At Manistique's Rotary meeting Monday, John W. Moffat, who was to introduce the speaker, was inadvertently called "John Kelly." Kelly, also a member of the club, graciously observed, "I've been promoted." He's postmaster at Manistique. Moffat in opening his remarks, said, "I hope I can do you justice, John." Moffat is vice president of Inland Lime & Stone Co.

Gov. George Romney has signed a proclamation declaring Nov. 10-16 American Education Week. "The quality of our educational systems and institutions in Michigan has been largely responsible for our past economic and cultural progress, and they must lead the way to lasting progress in the future," said Governor Romney.

How new learning techniques can be used to teach adults will be studied by some 500 delegates to the 11th annual conference of the National Association of Public School Adult Educators, Nov. 9-12, at Miami Beach, Fla. Charles Folio, University of Michigan Extension director in the Upper Peninsula and Mrs. Folio will be among those attending.

The Michigan Small game season is in full swing but fall attractions and events are beginning to reflect winter sports interests. A harbinger of the snowy season — the annual Grand Rapids Sno-Sho — is listed for the weekend. Highlights include dog-sled demonstration. Also scheduled for the weekend is the Upper Peninsula Potato Show ending a two-day run Saturday at Marquette.

Travelers on U. S. 41 are looking forward to completion of the new highway being built to bypass Skandia. The new right-of-way is cleared and work on the grade is underway from the church atop the fire tower hill near M 94 to the top of the hill that looks down on Marquette community. The new highway will traverse a hilly

# Multiple Use Of River Asked In FORUM Plea

Forum on Resources of Upper Michigan has joined the Michigan State Chamber of Commerce and other agencies which have expressed concern about the implications of the Menominee River Conference called by the U. S. Department of Health, Education and Welfare on the pollution of the Menominee River.

FORUM, an Upper Peninsula organization dedicated to wise use of natural resources of the area in the interests of the general public, the U. P. and the resource owners, addressed a statement to Murray Stein of the U. S. Public Health Service, who has been named chairman of the conference by HEW Secretary Anthony Celebrezze.

The conference will be held Nov. 6 in Lloyd Goodfellowship Hall, Menominee and in preparation for it the Public Health Service had a field force and laboratory working this summer on the Menominee River.

**River Improved**  
To inform itself on the conference, FORUM's executive committee headed by Joseph Rahilly of Newberry conferred in Marquette this week with Cletus Courchaine, Escanaba, of the Michigan Department of Health; Joseph Bal, Gladstone, of the Michigan Water Resources Commission; and Dorais J. Curry, regional chief, Michigan Conservation Department. These agencies are all concerned with protection of resources like the state's rivers.

Bal said "We are not going to argue about the samples that these people have taken; they are able professionals, but we are going to argue about things like the color of the Brule river." It is discol-

ored by water from mine pumpage, but not polluted by the pumpage to a degree the Water Resources Commission has thought dangerous or against public interest.

Courchaine said that the State Department of Health's studies showed the lower Menominee River in better condition than it was 10 years ago.

**Economy Involved**  
The statement to the conference adopted by FORUM stated its concern that the principle of multiple use be applied to river management policy. It said that progress in pollution control had been made by the state agencies working in cooperation with the municipalities, which are municipalities which discharge their sewage or sewage treatment effluent into the river, and pulp and paper mills which discharge waste sulfite liquor and lost fiber into the river.

The mineral and wood industries under study, said FORUM, have made possible the economy which supports the area. They have been complying with the law as enforced by state agencies and any new criteria and standards for water quality should be introduced through the state agencies because they are familiar with all the factors in the pollution complex. FORUM expressed its support of recreation's claim on the Menominee River, but suggested that it should be in a context of multiple use also serving the needs of the municipalities and the industries on the stream. This aim of compatibility was endorsed by the state agency representatives.

The U. S. Public Health Service hearing on the Menominee has been widely interpreted as a move of federal government into a field formerly administered by state agencies.

**Pollution Reduced**  
The report on the HEW river studies which will be presented to the Menominee Conference says that "the Michigan Water Resources Commission and the Wisconsin Committee on Water Pollution pursue active programs to eliminate pollution in the Menominee and Brule rivers."

"Pollution has been reduced by industrial waste control practices and by construction of municipal sewage treatment plants. Compliance with orders by the Wisconsin Committee on Water Pollution should lead to further improvement. Despite the real progress that has been made, certain reaches of the rivers are still polluted."

"Organic pollution discharged to the Upper Menominee River reduced the mean dissolved oxygen content of the river below the 3.0 milligrams per liter (parts per million by weight) considered critical for fish life by the State of Wisconsin. Minimum values observed at each sampling station fell to 2.3 at the Norway power dam 8 miles below Niagara and 1.2 mg/l at Faithorn, some 15 miles below Niagara."

**Coliform Level**  
"Solids pollution, including wood chips and fibers and bacterial slimes form floating scum which degrades the appearance of the river and settles to form sludge deposits which decrease the population of pollution sensitive bottom organisms for some 22 miles below Niagara, Wis."

"The Kimberly-Clark pulp and paper mill in Niagara is the principal source of organic and solids pollution."

"For 14 miles below Niagara and 9 miles below the mouth of Sewer Creek, the Upper Menominee River contains more than 5,000 MPN/100 ml (most probable number of organisms per milliliter) coliform (sewage type bacteria) level considered satisfactory for recreational use."

"Waste from undetermined sources in Niagara, effluent from the Niagara sewage treatment plant and untreated sewage from Norway are the principal sources of bacterial pollution."

"The Upper Menominee River also shows evidence of degradation by sludge deposits, producing high populations of pollution tolerant organisms and limiting the development of sensitive bottom forms in the quiet water areas extending from the Iron Mountain-Kingsford sewage treatment outfall to the neck of the impoundment above Upper Quinnesec Dam."

**Pollution Sources**  
"The Lower Menominee River is degraded for a distance

# Farrell's Work Is Subject Of State Feature

Lawrence L. Farrell, formerly of Escanaba and now executive secretary of four retirement systems, is the subject of a feature article in the Lansing State Journal authored by William J. Duchaine, also an Escanaba native and now a Journal staff writer.

A native of Hardwood, Dickinson County, Farrell began work with the State Highway Department as a rodmann in 1933. He was employed in the early 1940's in Escanaba as a chief clerk with the Department and his wife, Mary Cobb, is an Escanaba girl.

He became state director of the Office of Price Administration in 1946 with headquarters in Detroit, where an energetic young man fresh out of law school served as his deputy.

The young lawyer, G. Menen Williams, made a successful campaign for governor in the 1948 election. Farrell became the governor's executive secretary, a position he held 10 years, until his resignation December, 1958, to become executive secretary of the retirement system.

Farrell and his staff of 23 employees administer the Michigan State Employees' Retirement System, Judges' Retirement System, Probate Judges' Retirement System and the Social Security Contribution Fund.

**State Largest**  
Largest of the group is the Michigan State Employees' System, which has 30,771 members and is distributing benefits to 4,662 retirees and widows.

Total assets of the retirement system have increased 11.18 per cent during the past year. Funds are invested in United States government securities, state, county and municipal bonds and FHA insured mortgages. The effective interest yield on June 30 was 3.71 per cent on a total investment of \$121,419,950.84 at face value.

The State of Michigan, by legislative appropriation, contributed \$13,220,157 during the 1962-1963 year, based on a percentage of the total gross payroll of the members. The

**Perkins**  
St. Joseph Church Father Edward Malloy has announced the Masses for Friday and Saturday as follows: Friday, All Saints Day, a Holy Day of Obligation, also the First Friday, Masses at 8:30 a. m. and 8:30 p. m. with confessions at 7 p. m. Masses Saturday, All Souls Day, 8:30 a. m. and 8:30 p. m. also.

**Smear League**  
Holy Name Smear League standings are: Demeuse, 464, Depuydt, 443, Miljour, 441, Moreau, 431, LaChance, 408, LaChapelle, 407, Gerou, 398, Lippens, 380, Flynn, 365, Besaw, 354, High game Demeuse, 76 and low game, LaChapelle, 43.

Mr. and Mrs. John Nelson and family have returned to Milwaukee after spending two weeks visiting with the Carl Branstrom family and other relatives in the area.

**Isabella**  
At Bureau Meeting  
Attending the Farm Bureau Women's meeting which opened with a noon luncheon Tuesday at Flat Rock Town Hall were Mesdames Harvey Sundin, Ted Sundin, Helmer Nelson, Emily Larson, Ralph Morrison and Vernon Peterson. Mrs. Gus Boydston of Danforth was elected secretary of the Delta County women's groups.

**Pancake Luncheon**  
A pancake luncheon will be served Friday noon, Nov. 1 at Isabella Community Building for all Farm Bureau members and others interested.

Mr. and Mrs. Gust Soderberg have returned from Huron S. D., where they were pheasant hunting. Their guests, Mr. and Mrs. Frank Chase, accompanied them.

Weekend guests of the Burton Petersons were Robert Ranguette, Mr. and Mrs. William Holmes and Dr. and Mrs. M. C. Bengston, Marquette.

**Costs \$500**  
MOUNT CLEMENS (AP) — Suburban Shelby Township Supervisor Lorin E. Evans has been ordered to pay \$500 in court costs for failing to report \$500 in campaign contributions. Macomb County Circuit Judge George R. Deneweth permitted Evans to change his plea Wednesday from guilty to no contest. Evans was charged with failing to report five \$100 contributions from officers of a company which operates a landfill in Shelby Township.

# Pre-Induction Group Called

Eighteen Delta County young men will leave Escanaba on Nov. 6 for their pre-induction examinations at Milwaukee, it was announced today by Miss Mary Wagner, clerk of the local draft board.

Miss Wagner said the young men will report to the draft board office at 1:15 p. m., on Nov. 6 and that they will leave by charter bus for the Milwaukee reception center. They will return the following evening.

Inductees will include: Terrence J. McDonough, Escanaba, leader of the group; Douglas J. Casey, Fayette; Wilfred J. Couillard, Bark River; John A. Cass, Escanaba (transferred to the Marquette Board); Alvin C. Thill, Fayette; Michael J. Leckson, Garden; William P. Robinson, Gladstone (transferred to Racine, Wis.); William O. Lockhart Jr., Rapid River (transferred to Caro, Mich.); Orill A. LaButte, Garden; Lynn James Vanders, Gladstone (transferred to St. Petersburg, Fla.); James A. Carlson, Rapid River; Jerry L. Seymour, Escanaba; Gene R. Thorbahn, Gladstone; Stephen C. Bridger, Escanaba (transferred to Detroit); Ronald S. Mathias, Escanaba; Dennis R. Chouinard, Gladstone (transferred to Portland, Ore.); Casimir M. Zapia, Bark River; and Milton D. Soderberg, Rapid River (transferred to Detroit).

Miss Wagner said the call for December has been received and is for six for induction and 22 for pre-induction. She said the group will leave by charter bus on Dec. 4. Men leaving for

# Cub Scouts Plan For Many Events

The film "Sonic Boom" was presented to a meeting of Cub Scout Pack 430 of Ford River at the Ford River School last evening by Lt. Roberts and Airman Ackerman of the K. I. Sawyer Air Force Base information office.

A "family alert" plan was explained to the parents; a study of the etiquette of the flag was planned for the Cubs; the Cubs will make a collection of canned goods for the Salvation Army Christmas baskets; and plans were made for a Christmas family party to be held Dec. 9 at the school.

Bobcat pins were presented to Glenn Beauchamp, Tom Lofquist and Steven Hay; badges and arrows to Donald McCarthy, Wayne Chernick, Keith Beauchamp, Stephen Nelson, Willard Severinsen, Tony Salmons and Danny Johnson.

# Germfask

**Rummage Sale**  
A rummage sale will be held in the R. L. D. S. Church in Germfask starting Saturday morning. A sale of baked goods will be held in the afternoon.

Wholesale value of the 1962 U. S. king crab pack (canned, frozen and fresh) exceeded

induction in December will be forwarded to the reception center and upon arrival will be offered Christmas leave after a short training period.

Orders covering the December call will be mailed out shortly.

**Oct. 30 Report: Comet Durability Run**

**Comet completes 100,000-mile durability run averaging over 105 miles per hour!**

Day and night this team of '64 Comets, specially equipped and prepared for high-speed driving, roared around Daytona International Speedway. Driving under official NASCAR supervision, these Comets broke over 100 world records\*, many once held by famous foreign cars. The average speed of the lead Comet was over 105 mph. And that included all time required for pit stops to permit refueling, driver changes, new rubber, and maintenance. At the end of this 100,000-mile run these Comets were still going strong. It was quite a challenge to stamina for a new car to face. But then these are quite some cars.

The same engineering excellence that made this performance at Daytona possible is yours in every '64 Comet. Come see it. Newly styled, newly engineered, newly designed, yet still compact priced.

## Gas Poisoning Peril Is Back

Urging parents, teachers, and the news media to declare war on carbon monoxide, State Health Commissioner Dr. Albert E. Heustis today called for an all-out effort to warn the public against the danger of the lethal gas which last winter claimed more than 60 lives in Michigan.

"An intensive educational campaign with constant repetition is the only way to prevent the annual toll of utterly needless deaths from carbon monoxide poisoning," the commissioner said. "We must impress upon people — especially young people — the importance of being aware of this danger."

"The tragic scene of a young boy and a young girl found in a parked car with the windows closed, the ignition on, the gas tank empty and the battery dead, was repeated at least 16 times last year resulting in 18 deaths. In eight of these incidents both persons involved were killed — that's a pretty high mortality rate for any cause of death," Dr. Heustis said.

Although accidental carbon monoxide deaths happen at all times of the year, the majority of them occur during the winter months, starting with the approach of cold weather in the fall.

"The 'silent killer' has already claimed at least one life," he said, referring to an incident in Macomb County where a boy was found dead in a car and his girl companion miraculously alive but in critical condition. "This is just the start, and there is bound to be more unless everyone is made to realize that carbon monoxide is a deadly enemy — one that lurks in wait for unsuspecting victims in many places — homes, garages, cars, schools, factories, motels, house trailers, and fishing shanties."

"If everyone recognized that carbon monoxide is present whenever there is combustion — whether it's canned heat, gas refrigerator, furnace, or automobile engine — and that to protect against it requires adequate ventilation, we could eliminate most of the accidental exposures to carbon monoxide," Dr. Heustis said.

"And by adequate ventilation, don't mean having the window open a crack — I mean a good strong draft," he emphasized.

As another means of safeguarding against the hazard of carbon monoxide, the commissioner recommended annual inspection of home heating systems and gas appliances by competent service personnel, and inspection and prompt replacement of faulty automotive exhaust systems.

"I don't suppose it would do any good to try to discourage young people from sitting in parked cars — they are going

## Soil And Water Hold Bacteria For Botulism

EAST LANSING (AP) — A Michigan State University scientist reports the botulism responsible for a scare in the buying of smoked fish is caused by a bacteria that is in soil and water all the time.

Dr. Peter Tack said the bac-

teria can grow when there are dead protein, natural moisture or exclusion of air in a food package. The bacteria can then produce a toxin.

Tack said he believes the toxin in the fish was produced after the processing because people did not take proper care of the food.

He termed "ridiculous" a suggestion that botulism could have been caused by poisonings used to control the sea lamprey in the Great Lakes.

## Jackie Gleason Breaks Wrist

NEW YORK (AP) — Jackie Gleason didn't know it, and the rest of the troupe didn't know it, but the comedian had a fractured left wrist while he did the last 15 minutes of tape for his show for next Saturday night.

Gleason, 47, suspected he suffered a fracture in a stunt on the show, a spokesman said, but it wasn't certain until after the show was completed before a live audience Tuesday night.

The accident occurred when Gleason rode a bicycle down a ramp into a brick wall made of plastic.

NEW YORK (AP)—Dr. Paul Dudley White, 77-year-old heart specialist, received the first gold stethoscope award of the

International Cardiology Foundation Tuesday night from a one-time patient—former President Dwight D. Eisenhower.

The presentation was made at a \$100-a-plate dinner for the benefit of the foundation, of which White is a founder and president.

White treated Eisenhower after his heart attack in 1955.

Destructive fires took a toll of 11,800 lives in the U.S. during 1962.

## TICKETS, A NEW PREMIUM

NEW YORK (AP)—A new trading stamp project is seeking to stimulate Broadway show-going by offering tickets as shopping premiums.

Two productions, "Chips With Everything" and "Enter Laughing," are the first to test the plan. If public response justifies, the sponsors will expand the trading assortment to include movies, sports and concerts.

to do it anyway," the commissioner said. "But if we can convince them not to turn on the car motor when it becomes too cold, they would go home instead of being taken to the hospital or morgue."

## Michigan Man Gets Federal Reserve Post

PHILADELPHIA (AP)—President Kennedy says he plans to name J. Dewey Daane, deputy undersecretary of the Treasury or Monetary Affairs, to a \$20,000 a year vacancy on the seven-member Federal Reserve board.

Daane, 45, a native of Grand Rapids, Mich., will be nominated to succeed G. H. King, who has resigned.

Daane, who calls himself a political independent, joined the treasury staff during the Eisenhower Administration as an assistant to then-secretary Robert Anderson. Before that, he spent 21 years with the Federal Reserve System.

Be A Safe Shooter  
THE NATIONAL RIFLE ASSOCIATION

## Doctors Fight Tetanus Menace

Of all the poisons known to man, medicine is perhaps most concerned with that produced by tiny bacteria that causes the ravages of tetanus—commonly called lockjaw.

Modern medicine has greatly reduced the prevalence of tetanus. In fact, its uncommonness has caused such public lack of concern that the national level of immunity has decreased in recent years. This in turn has increased the danger that the disease will start a comeback.

To reverse this ironical situation, the American Medical Association began a continuing campaign of public and professional education aimed at getting the nation's protection against tetanus on a firmer footing.

Tetanus remains one of the most dangerous diseases that can strike a human being. No antibiotic or other drug can halt a full-blown case of the disease, and about 60 per cent of those afflicted die, according to Dr. Raymond L. White, director of environment medicine for AMA.

Tetanus never has been a mass killer as pneumonia and tuberculosis once were, but it does cause a particularly frightening form of death among the majority of those it strikes.

**Found In Dirt**  
"The fact is," Dr. White said, "practically no one needs to die of tetanus...or acquire the disease, for that matter. Yet each year we still receive reports of 400 or so cases."

### FAT OVERWEIGHT

Available to you without a doctor's prescription, our product called Odrinex. You must lose ugly fat in 7 days or your money back. Odrinex is a tiny tablet and easily swallowed. Get rid of excess fat and live longer. Odrinex costs \$3.00 and is sold on this guarantee: If not satisfied for any reason, just return the package to your druggist and get your full money back. No questions asked. Odrinex is sold with this guarantee by: Groos Drug Store, Escanaba. Mail orders filled.

The lethal seeds of this insidious disease are found wherever civilization leaves its mark—in farm soil, city grit and household dirt. They have popped up in hospital operating rooms—tracked in by street shoes—and at one time were even isolated from surgical dusting powder and "sterile" vaccines.

While tetanus rarely haunts the hospital any more, its spores in many parts of America are nearly as common as dirt, and the chances are you are carrying some on your skin right now.

In order to begin their chain of infection, tetanus spores must be injected into the living tissue of the body. This can be accomplished by a cut, scrape, scratch or even something as minute as an insect sting—things people usually don't see a physician about.

Usually the spore is flushed out of a free-bleeding wound. But when there is little bleeding, as in puncture or crushing wounds, or when dirt or dead tissue within a wound keeps blood away from tetanus spores, then the seeds may hatch into the tetanus bacteria, which grow and liberate their poison.

Once the toxin has entered the nervous system, tetanus is largely out of reach of medicine. So, it becomes the physician's task to prevent the toxin from ever getting that far.

**Two Weapons**  
Medicine has two weapons to guard against tetanus. One, an anti-toxin, is capable of neutralizing the deadly by-products of the tetanus bacteria once they have sprung to life within the body. The other, tetanus toxoid, works something like a vaccine, stimulating the body into defending itself against tetanus.

World War II offered the best proof of the value of tetanus toxoid. Of the 600,000 Americans who were wounded

TRAFFIC-STOPPERS—Only in Paris could it happen—a promenade on a Parisian boulevard to model fall and winter collections of lingerie

in action only one developed tetanus. The situation was far different in the Japanese and German armies which continued to rely on the anti-toxin. Thousands of Axis soldiers died because they could not be given the anti-toxin in time.

"Despite the almost complete protection against tetanus offered by immunization, the disease remains a ticklish proposition in this country because millions of people have allowed their immunity to wane, and millions more never have been immunized," Dr. White said.

"Most people don't seem to realize that one shot of tetanus toxoid, or even a single series of shots, won't confer life-long immunity. Complete

### Picked By Girls

DALLAS (AP)—Fifteen-year-old Guna Spacs of Flint, Mich., has been named Miss Sportsmanship by fellow contestants in the Miss Teen-Age America contest. Six finalists will be named today from among the 50 girls vying for the title.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year...more than for all television spot announcements or radio advertising.

protection demands recurrent immunization," Dr. White concluded.

## Oldsters Still Busy With Their Paper Routes

At an age when most of us would be happy just to sit comfortably and read a newspaper, Mrs. Mary Douglas of Brunswick, Md., and Robert W. Dixon of Worcester, Mass., are still delivering them. Mrs. Douglas is 86, Dixon 82, and they may be just about the oldest carriers in the nation.

Dixon has been a "newsboy" 73 years, delivering the Worcester Telegram since the price was two cents and an eight-page daily paper was considered "quite a sheet." He is an independent carrier and also handles Worcester's Evening Gazette and Sunday Telegram, as well as the Boston Herald.

Mrs. Douglas, a great-grandmother, delivers 76 copies of the weekly Brunswick Blade-Times over a route of sheep hills every Thursday. She walks about 12 miles, beginning at 9 a. m. and handing the last copy to a customer at about 4 p. m.

Why does she do it? She says she began delivering the paper 11 years ago because she liked to meet people. She describes herself as "the grandmother of Brunswick."

Not only is much of her paper route uphill, but most of the homes are built at the top or bottom of steep flights of stone steps. James L. Bryan, editor and publisher of the weekly, says Mrs. Douglas has the most difficult route in town. His other five routes are handled by teen-age boys.

Bad weather seldom bothers Mrs. Douglas who will wear a raincoat and rain hat—but refuses to be hampered by an umbrella. She carries the papers in an elastic-handled shopping bag that dangles to her ankles when she starts out.

Mrs. Douglas describes the weekly tour of friends and neighbors as "a lot of fun." A Salvation Army worker for 70 years, she leaves the paper route every year between Thanksgiving and Christmas to go to Frederick, Md., where she operates a Salvation Army booth on a street corner. In her absence the Blade-Times is mailed to her subscribers and Mrs. Douglas makes collections when she returns for the first delivery after Christmas.

Dixon handles 180 papers daily and—with a helper—500 on Sunday. When he was younger he handled 900 a day. For the past 38 years he's been using an automobile in his work.

"I've had 27 cars in those years," he says, "and I've driven 30,000 miles a year." Dixon prides himself on careful handling of newspapers. He ties each Sunday edition and always tries to leave a paper in the most convenient place for a customer. He says he never folded and threw a newspaper in his life.

Collections? Dixon says he has seldom been cheated by a subscriber, even though he collects once a year from some homes and business places on his route.

Dixon has an unusual record for someone who has dashed up to thousands of front porches.

Mrs. Mary Douglas

es. He's never been bitten by a dog.

"I've always liked animals," he says, "and they've always been friendly to me."

Why did he become a carrier? Dixon says a businessman advised him years ago to build up a one-man business with newspapers. He recalls:

"He said, 'you won't make a million...but you'll get by...and you'll be your own boss.' I took his advice and I've never been sorry. I earn more than \$10 a week."

Dixon's wife, Cora, died seven years ago. He fondly recalls how in 1906 they spent a six-week honeymoon in Jamaica—won by getting new customers for his paper.

"I had won two trips to Ja-

## Newspaper Gives Data On Rigging Of Drug Prices

NEW YORK (AP)—The New York Herald Tribune said it has turned over to the Senate Antitrust subcommittee "secret documents of a worldwide cartel that rigs drug prices."

The newspaper said it obtained the papers from several sources. It did not elaborate.

In Washington, Sen. Philip A. Hart, D-Mich., said the papers have been received by the subcommittee, which he heads. He said South American drug marketing practices and how U.S. firms are involved have been studied by the subcommittee behind closed doors for some time.

The Herald Tribune said "experts who have reviewed the documents are convinced that the price structure of certain drugs widely marketed in the U.S. is based on international agreements."

## Concert Booked

INTERLOCHEN (AP)—The Philadelphia Symphony Orchestra and its conductor, Eugene Ormandy, will present five concerts next Aug. 26-30 at the National Music Camp here. It will be the orchestra's first appearance in northern Michigan.

maica for getting 300 new customers," he says, "and away we went. We had a fine time and might have stayed there longer if it hadn't been for an earthquake. We were in Kingston when the earthquake hit and decided we'd better get back to New England."

## Newberry

Mrs. Wilma Scott, who recently was discharged from Tahquamenon Hospital following several weeks illness with pneumonia is visiting in St. Paul with her son-in-law and daughter, the Edward Lewins. Mr. and Mrs. Ora Alexander drive to Petoskey Monday where the former will receive a medical checkup at Little Traverse Hospital.

## Traffic Violations

Frank Wesley Clark was assessed a fine of \$2 and court costs of \$5 in Justice Whitmarsh's court Friday for driving with defective brakes. Unable to pay the fines, he served a two-day jail sentence. Richard L. Overland, driving with a revoked license, paid a total in fine and costs of \$25 and served a mandatory two-day jail sentence.

## Cribbage League

The Ladies Cribbage League will play at 8 p. m. today at the Legion Club. Delia M. Hild was voted secretary-treasurer of the league.

## Birthday Club

The M-28 Birthday Club met Saturday at the home of Mrs. Hanna Hedberg, honoring Mrs. Myrtle Burrus, and her daughter Bette-Jo.

## Killed In Crash

DETROIT (AP)—Valentine Zagula, 27, of Belleville, was killed Wednesday in a car-train collision at a Pennsylvania Railroad crossing in nearby Huron Township. A passenger in Zagula's car, John C. Brown, also of Belleville, was reported in fair condition at Wayne County General Hospital.

# Roadside Tree Is Car Hazard

ANN ARBOR — Roadside trees are beautiful — and deadly, according to the foreman of landscape and building services at the General Motors Proving Ground.

Robert S. Ward recommended that trees be kept at least 50 feet back from roadways in his discussion of highway safety at the University of Michigan.

The GM official explained that one-car-off-the-roadway accidents account for about one-third of the nation's highway fatalities.

"This means that last year there were 12,900 deaths caused by a vehicle leaving the road and either hitting a stationary object, or overturning," Ward said. "This was a six per cent increase in this type of fatality over the preceding year. Significantly, the urban area had the greatest increase in this type of fatal accident with a nine per cent increase."

While attention is given in highway policy to the elimination of roadside hazards, in practice standards are often used which do not completely eliminate hazards, he added.

Ward singled out roadside trees and steeply graded drainage ditches as major hazards. He disagreed with the American Association of State Highway Officials policy that trees should be planted at least 15 feet from the edge of pavement.

"At the General Motors Proving Ground our minimum distance for trees is 100 feet from the edge of the pavement. This dimension may be impractical on public roads, but even 50 feet would reduce 90 per cent of the accidents."

## Seney

**Hunters Ball**  
The Seney-Germfask Lions Club at its recent meeting made plans for a Hunters Ball to be held Saturday evening, Nov. 9, at the V. F. W. hall.

**Club Plans Tea**  
The Home Extension Club, meeting at Town Hall, made plans for a Christmas tea to be held Dec. 7.

**W. S. C. S.**  
The W. S. C. S. met at the church annex with Mrs. Jim Burns and Mrs. Eugene Smith, hostesses. Plans were made for a chicken dinner to be served Nov. 14 from 5 to 8 p. m. in the annex.

Jack Boonenberg visited his mother, Mrs. Clara Boonenberg, enroute from the steel mills at Sault Ste. Marie, Canada, to his home in Taylor, Mich.

Mrs. Margaret Bergman, Manistique, is the guest of Mrs. Pearl Smith.

# First Communion At Garden And Fayette Churches

**GARDEN** — Seventeen children from St. John's and St. Peter's parishes received First Holy Communion Sunday during the celebration of the Mass by the Rev. James Donnelly in their respective churches.

Children from Garden were Peter Bernier, Leo Bodette, Patricia Farley, Vernon Gould, Kathy Guertin, Peter Guertin, Jacqueline Jacques, Darla Plante, Cindy LaTulip, Debra Rochefort, Peggy Tatrow and Mary Thibault.

Children from Fayette were Kim Anderson, Allan Groll, Jude Martin, Paula Zehern.

Mrs. Earl Rost presented the children of Garden with candles, a remembrance of the occasion.

Sister Mary Jonathan of the

Victory Noll Convent in Garden was their instructor.

**Sewing Class Meets**  
The Sewing Class met at the home of Mrs. George Coppess Monday evening. The lesson was on smocking of children's dresses, aprons, and pajama bags. Pie and coffee were served by the hostess. The next meeting will be held Monday, Nov. 11 at the home of Mrs. Ossie Hazen.

## Rock

**Leaves Hospital**  
Reino Kiiskinen, who suffered a coronary attack Sept. 10, has returned home from the hospital. He is now convalescing at 1210 B. Allston Way, Berkeley, Calif.

**Missionary Speaker**  
Robert Sykes, a missionary from Angola, Africa, will be the speaker at the 11 a. m., and 7:30 p. m., service at the Rock Bible Chapel Sunday, Nov. 3.

He will show colored slides of his mission work at the evening service. The public is invited to both services.

**Board Meets**  
The Rock Board of Education met Monday evening with all members present. The main business of the evening was the approval of a new school secretary. Mrs. John Miljour is leaving shortly to join her husband in Germany. Pat Croasdel, who did some work in the office last summer, was approved. Mrs. Frank Salmi Jr., was approved as alternate.

## Hermansville

Mr. and Mrs. James Gribble and family spent the weekend in Houghton. Their daughter Patricia attended home coming festivities at Houghton Tech over the weekend.

Mr. and Mrs. Frank Rodman and family spent Sunday in Trenary with Mr. and Mrs. Andrew Rodgers.

# Cost Of Living Is Unchanged

WASHINGTON (AP) — The cost of living remained unchanged in September with fluctuating prices of selected items balancing off, the Labor Department said today.

Food prices fell six-tenths of one per cent from August. Transportation costs also eased, largely because of gasoline price wars in the Midwest and season-end lower prices for new cars of the 1963 models.

On the other hand, clothing prices were up slightly and there was a 1.9-per cent increase in the cost of such services as auto insurance, medical services, home repairs, laundry and dry cleaning.

The department's price index remained for the second straight month at 107.1. This

means that selected items which cost \$10 in the 1957-59 base period now cost \$10.71.

In detailing the food price drop the department's Bureau of Labor Statistics said largely seasonable lower prices of fresh fruits and vegetables more than offset a seasonal egg price increase.

# State Trooper Shot Dead In Hunting Mishap

**GLENNIE** (AP) — A 39-year-old state trooper was fatally shot Wednesday in a hunting accident, three miles east of here.

The victim was Trooper Warner E. Palmer of Ypsilanti, assigned to the Ypsilanti post.

State police said Palmer was struck in the chest with a shotgun charge while hunting on a farm.

They said the shot apparently was fired by Clifford Jones, 21, a resident of the farm.

# Take A Ruler When Shopping For New Home

**NEW YORK (AP)** — When shopping for a new home bring a yardstick or folding ruler with you, advises William J. Levitt, home-builder of entire towns.

Printed plans give over-all room sizes but many key dimensions are not listed and a ruler is necessary to measure proper depths and widths, Levitt says.

For example, clothes closets should be 24 inches deep. Less depth cramps hanging suits and more represents waste space.

Halls should be at least 36 inches wide so that large pieces of furniture can be moved in and out.

The ideal distance between facing kitchen counters is four and one-half feet, according to Levitt. All work areas can then be reached conveniently with the minimum number of steps.

# Women's Activities

## Lemmer Holds Annual Carnival This Evening

The witches, ghosts and devils of Halloween—all in small sizes—will meet at Lemmer School this evening from 7 to 9 for the annual Halloween Carnival. No admission will be charged.

This year's theme for the carnival is "Halloween Harvest." Large pumpkins, whimsically carved and decorated, black cats and witches will add to the evening's fun.

The favored fish pond and Spook Room, as well as a plentifully stocked County Store, cake-walk and games are among the attractions to be offered. This year a Silhouette Room is scheduled. Proceeds from last year's carnival bought new books for the school library.

Children from the Junior High sixth grade have been invited to the Lemmer Carnival by the committee which includes Mrs. Ray Bydalek, Mrs. Gerald DeShambo, Mrs. Keith Donalds, Mrs. Ray Jurnu and Room Mother chairman, Mrs. Edward D. Olsen.

## Church Events

**St. Stephen's**  
Services of Holy Communion will be held at St. Stephen's Episcopal Church All Saints Day, Friday, Nov. 1, at 10 a. m. and 7 p. m.

\*\*\*

**St. Joseph's**  
Masses at St. Joseph's Catholic Church All Saints Day, which also is the First Friday, will be at 7 and 9 a. m., and 12:10 and 5:45 p. m. Holy Communion will be distributed at all Masses.

All Souls Day Masses Saturday will be at 6, 6:30, 7, 7:30 and 8 a. m., with Holy Communion during every Mass.

Confessions will be heard today from 3 to 5 and 7 to 9 p. m.

\*\*\*

**Cornell Service**  
The Salvation Army will hold a special service at the Cornell Hall Sunday, Nov. 3 at 3 p. m. There will be special music by the Corps String Band and the timbrel group. The Harvest Festival theme will be carried out. Everyone is welcome.

Priam, according to Greek mythology, was the last king of Troy.

ST. THOMAS THE Apostle Church was the setting for the Oct. 26 wedding of Janet Marie Pepin and James Wendell Charon. The bride is a daughter of Mr. and Mrs. Gerald Pepin, 1226 N. 19th St. Kenosha will be the home of the newlyweds. (Ridings Photo)

## Retreat Club Will Sponsor Card Party

Because of increasing interest in its aims and activities, Marygrove Retreat club will sponsor a get-acquainted dessert card party Wednesday, Nov. 6, in the club room of St. Joseph school.

Mrs. John Dubord and Mrs. Fred Courier, co-chairmen for the event, announce that plans are well under way.

A partial list of their committee members includes Mrs. Anna Taylor, Mrs. Ragnar Johnson, Mrs. George Rusch, Sr., Mrs. Albert Valind, Mrs. Eleonore Sullivan, Mrs. George Pelanger, and Mrs. Walter Snyder.

## Auxiliary Plans Pinecrest Bazaar

The Pinecrest Medical Care Facility Auxiliary has set the date of Sunday, Dec. 1, for a Winter Bazaar with a "Christmas" theme, consisting of handicraft items with the Christmas touch, as well as candy and baked goods, a fish pond and a fancy work booth.

The Bazaar will be conducted from 1:30 and 4:00 p.m. E.S.T. in the Pinecrest Auditorium. The proceeds will be used toward the completion of redecorating the Auditorium.

The Auxiliary will assist the Pinecrest staff in the preparation and conducting of a Halloween Party for patients, from 2 p.m. to 3 p.m. today.

Mrs. Edward Wiecech of Powers and Mrs. Florence King of Powers were appointed co-chairmen of the crafts committee.

Following the meeting, a short workshop was held by the membership at which time they all participated in the making of special tray favors for the patients to be used on Thanksgiving Day. Further Auxiliary meetings will be conducted in three parts: a business meeting, a short entertaining film and conclude with a workshop.

## Danny Thomas In Last Season

HOLLYWOOD (AP) — Television comedian Danny Thomas says this season will be the last for his Monday night show. He says "It's time to pick up the chips and walk."

The 49-year-old comic, in his 11th year with a network show now listed among the top 10, said "I know I've said I plan to retire for the past several seasons. But this time I mean it."

He said he will accept motion picture offers and that he also plans six hour-long television specials.

Why quit now? said Thomas. "I can't think of a better time than when we're still on top."

## Births

**HAFEMAN**—Mr. and Mrs. William H. Hafeman, Powers, are the parents of a daughter, Bonnie Lynn, their first child, born at 10:12 a. m. Oct. 30 at St. Francis Hospital. The infant weighed 9 pounds and 8 ounces. Mrs. Hafeman is the former Janice Chattin.

**LANTAGNE**—A son, Orville Joseph, weighing 7 pounds and 2 ounces, was born to Mr. and Mrs. Orville R. Lantagne, Escanaba Rte. 1, Oct. 30 at 12:21 p. m. at St. Francis Hospital. The infant is their fifth child. Mrs. Lantagne was Mary Troyer.

**DICKERSON**—A daughter, Iva Jean, is the eighth child of Mr. and Mrs. Harold W. Dickerson, Hyde. The infant, born Oct. 30 at 3:45 p. m. at St. Francis Hospital, weighed 7 pounds and 7 ounces. The mother was Helen Bailey.

**NYBERG** — Mr. and Mrs. Carl A. Nyberg, 816 Montana Ave., Gladstone, are the parents of a son, weighing 9 pounds and 3 ounces, born at St. Francis Hospital Oct. 30 at 7:22 p. m. The infant, whose name is Richard John, is their fifth child. Mrs. Nyberg is the former Florence Johnson.

**LEDUC**—Mr. and Mrs. Edward J. Leduc, 1523 Wisconsin Ave., Gladstone, are the parents of a daughter, Cheryl Marie, born at St. Francis Hospital today, Oct. 31, at 10:32 a.m. The infant weighed 7 pounds and 5 ounces. The mother is the former Evelyn Gaus.

## Teens Against Cancer Groups Being Formed

Students of Bark River High School participated in an American Cancer Society program presented Wednesday morning by Mrs. Donald Goulais of Escanaba, educational chairman of the Delta County unit of the American Cancer Society.

A film on the duties of medical technologists and the distribution of literature outlining careers in the field of doctor, nurse and scientists was presented.

The program is part of a continuing effort of the Cancer Society to acquaint students with the needs and requirements in the health fields and to recruit members to the Teens Against Cancer organization being formed in the county.

Schools or groups seeking programs are asked to contact Mrs. Donald Goulais, Escanaba.

Actor George Hamilton appears in three favorites from his closet. His informal town suit, left, is a three-button glen plaid. The short topcoat, center, is adaptable for dress-up or dress-down daytime wear. The sport coat, right, is a hand-loomed Shetland check with flap pockets.

## Inland Notes Safety Record

A new safety record has been set by Inland Lime and Stone Co. employees, who by midnight Oct. 24, had worked 1,085 days without a lost-time injury. John W. Moffat, vice president reports.

The previous record was 1,084 days. This was set in the 1930s, with about 1.2 million manhours of work. By contrast, Inland workers this time had to work 1,750,000 manhours to achieve the same number of days, as there are more workers. The equivalent man-hour period was passed earlier this year, Moffat said.

As of midnight Sunday the plant will have had three years without lost-time injury. Employees accomplished this, Moffat noted, as safeguards and instructions alone are not effective. The individuals set the records, the official emphasized.

## APW Stream, Campground Job Is Scheduled

The \$75,000 Accelerated Public Works money appropriated for Conservation Department fish and wildlife improvements in Schoolcraft County will be used for more forest campgrounds, park division projects, fish dams and impoundments and other uses. Plans are now being prepared, the District Conservation Office at Newberry reports.

With earlier APW appropriations, campground and fishing site improvements were made at the Merwin and Meade creek entrances on the Manistiquie River, Ashford Lake and Snyder Lake.

Use of the Snyder Lake grounds was greatly increased when it was found the lake had perch. A few local fishermen earlier had used it for pike fishing.

## MANISTIQUE

**VETERAN'S REWARD**—The old town pump and its watering trough have been memorialized in new glory in the center of East Sparta, Ohio. Only water supply for the town for 150 years, the landmark was rescued through the co-operation of a leading industry in the area. U. S. Ceramic Tile Co. replaced the crumbling original handmade roof tiles with modern facsimiles. Unfortunately for postmistress Doris A. Kempf and her horse, the renovated watering trough is only a symbol and contains no water.

## Briefly Told

The Girls Athletic Assn. will sponsor a Halloween dance tonight from 8 to 10 p. m., in the old gymnasium.

Fine of \$40 and costs of \$2 were assessed in Justice Court against Lawrence Aldrich, Star Rte., on a weighmaster ticket for truckload overweight.

Mrs. J. J. Herbert and the Rev. Ingmar Levin are among area persons attending the community school conference in Flint Wednesday through Friday.

A car driven by Rodney L. Bacon, 61, of Naubinway, was damaged at 10:15 a. m., Tuesday when it struck a deer on U. S. 2, 500 yards west of Cut River bridge.

State Police are investigating a check cashed at Treasure City last summer in which the amount had been raised from \$3 to \$31. The check was cashed by Donna Peters of Milwaukee.

Marvin M. Smith, 24, of Thompson, pleaded guilty in Justice Court on a State Police ticket for driving under the influence of liquor and was assessed fine of \$75 and costs of \$4.30 and given a 5-day jail sentence. His license was revoked.

## State Plants 300,000 Pine

The Conservation Department reports it has completed planting 300,000 pine trees in northern Schoolcraft County and the Garden Peninsula. The Schoolcraft section contains 120,000 trees.

In other activity the department today will be selling five blocks of timber at a public sealed bid sale. Spruce, balsam and jackpine pulpwood and some small sawlogs are included.

## River Street Property Sold

The Crawford and Holland property on River St., and two lots owned by Walter Nelson have been sold through a Green Bay firm of attorneys. The use has not been announced but unofficial reports are that a grocery business is contemplated. The property fronts on both River and Cedar Sts.

The Crawford and Holland building, part of the business community many years, is scheduled to be razed. It was used by the late Johannes Anderson for a grocery store a number of years; was a Ford garage under Dr. D. E. Sellers until it was moved about 1920 and also was used by Ted and Bill Caffey for a Star car agency.

Crawford and Holland took it over in 1927, and operated a Pontiac garage in it 1928-55 and the Buick agency 1930-58. After the death of Mr. Crawford, Mr. Holland operated the business until 1958. He continues residence here.

## DeMolay Will 'Trick Or Treat' For Dental Fund

The George A. Shaw chapter of the Order of DeMolay will have a community "trick or treat" solicitation as part of its benevolent service project for the year. The chapter, under Ron Johnson, master counselor, has chosen this to aid those who need dental care and can not provide it.

## Forget-Me-Not Days Planned

Nov. 8 and 9 are dates set for the annual Forget-Me-Not campaign of the Disabled American Veterans, Chapter 26, Elmer A. Richey, commander reports. Volunteers will offer the small blue flowers of remembrance on street corners that day.

Contributions will be used in the Chapter program of assistance for war handicapped in the community. The VFW Auxiliary, with Mrs. Eli Cousineau as chairman, will handle selling of the Forget-Me-Nots. Special committees have been appointed for the drive.

## Personals

Mr. and Mrs. Ray Linderoth and Terry have returned from a visit with relatives and friends in Bad Axe and LeRoy, Mich.

Mr. and Mrs. Edward Cook, 135 S. Mackinac Ave., returned from a 10-day visit in Lansing with their daughter and family, Mr. and Mrs. Alton Volz. They also visited relatives in Flint and Paw Paw.

## Hospital

Admitted to Schoolcraft Memorial Hospital are Nancy Zellner, Intake Park Road, Opal Jones, Cooks, Alice Burns, Gernfask, Dennis Gouin, Rte. 1, Ensign, Elsie Paquette, 226 N. 2nd St., and Marion Laux, Rte. 1. Discharged: David Leach, Betty Losey, Patricia Messier, Louise Bailey, Betty DeSautel and Russell Tennant.

## Trooper Retires

LANSING (AP)—Det. Lt. Patrick Detzler, assistant commander of detectives at the State Police Detective Bureau, retires Nov. 15. Detzler, 48, is a native of Newberry. He joined the force in 1937.

## Guest Speaker

Guest speaker at the 11 a. m., worship service Sunday at the First Baptist Church will be Bernard Grenier of Garden.

## County Opens All-Out Drive Against Disease

Schoolcraft County opened an all-out drive against tuberculosis and other chronic diseases Tuesday and in round one of the fight, 349 residents had shown up opening day for chest X-rays and blood tests.

The tests assure a healthier community and, in the sense that taxes cover the cost, are free. Dr. R. A. Tearnan, director of the Alger - Schoolcraft Health Department reports. The health department, the Alger-Schoolcraft medical societies and the Michigan Department of Health are sponsoring the

mobile unit's work here.

The tests "pay off tremendously" in return for tax dollars, as persons found to have chronic diseases, through the X-ray and blood tests, have the return of life itself. Those found to be free of these diseases are paid off in peace of mind. There is virtually no price tag big enough for this precious service, the department notes.

## Births

Mr. and Mrs. James Zellner, Intake Park, are the parents of an 8 pound, 11 1/4 ounce son born Oct. 29 in Schoolcraft Memorial Hospital. Mrs. Zellner is the former Nancy Eliott.

## Program On India Scheduled For LCW Meeting

Lutheran Church Women of Zion Lutheran Church will hold their regular monthly meeting in Augustana hall Tuesday, Nov. 5 at 8 p. m., with Priscilla unit in charge of the program which features a film "Partners in India."

Also included will be a devotional period led by Mmes. Donna Jean Nelson, Samuel Gesko and Donald Glaser. A short business meeting will follow.

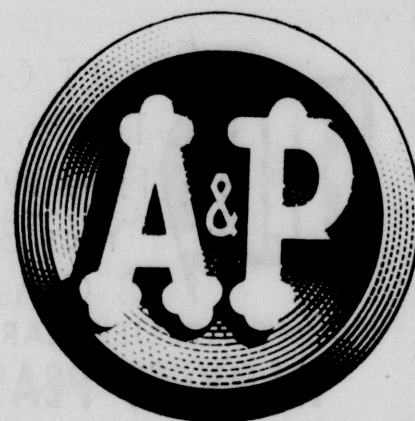

Hostesses for the social hour are Mmes. Glen Pawley, chairman, Harry Hastings, William

Graff, Howard Carlson, Thor Reque, William Bradley and Martin Miller and Miss Elsie Carlson. All women of the church and their friends are invited.

## Drive Scheduled

Richard Walters, chairman of the Schoolcraft Muscular Dystrophy Drive by the Public Safety Department announces canisters will be placed after Nov. 1 to receive contributions to aid in the fight against the crippling disease, which is nearly always fatal.

Average length of life in the U. S. has increased about 29 years since the middle of the 19th century.

A&P caps off a great month of celebrations with a mammoth Mid-Fall Stock-Up Sale! You'll have a great big opportunity to SAVE MORE AND MORE CASH on a wide, wide selection of your favorite foods! High up on the list of great values are those quality-famous A&P Exclusives: Jane Parker Baked Foods, Ann Page Fine Foods, and freshly-ground A&P Coffee. This great thrift event is another example of A&P's Pledge of Service in action. You'll know what we mean when you see the fresh, new look of the store... the fully-stocked shelves... the friendly people anxious to serve you. Come in and stock up during this Super Special Sale!

# 20¢ off 3 LB. BAGS A&P COFFEE

## Ford Co. Sets Sales Record

By CHARLES C. CAIN  
AP Automotive Writer  
DETROIT (AP)—Ford Motor Co. set a nine months' sales record this year, but its profit picture wasn't as rosy as that of Chrysler or General Motors. Tuesday Ford became the last of the nation's three biggest auto makers to file its financial report for the first three-quarters of 1963.

All reports agreed the auto business has been very good. For economists who consider the auto industry a key indicator of the nation's business situation, there was heartening news. GM in its third-quarter report Monday said its profits through September exceeded a billion dollars. Chrysler reported over \$100 million in the same period.

Ford sales for the first nine months this year were almost \$6.2 billion with profits of \$346 million, or \$3.14 a share. The previous record for a nine-month period was in 1962 when sales were about \$5.8 billion, with profits of \$350 million, or \$3.18 a share.

## Ferndale Police Scuffle Costs City \$95,000

PONTIAC (AP)—An Oakland County Circuit jury awarded \$95,000 in damages Tuesday to a Union Lake man who alleged he lost the sight in one eye after being struck by a patrolman in a scuffle at the Ferndale police station.

## Seney

Les Walstrom attended a meeting of law enforcement officers at Marquette. Mr. and Mrs. Roy McDowell and Mr. and Mrs. William McMahon spent Saturday in Marquette where the men attended a meeting of the Consistory.

## Unions To Ask More Cuts In 40-Hour Week

WASHINGTON (AP)—Labor leaders campaigning to cut the 40-hour work week estimate that more than 5.5 million she will be employed.

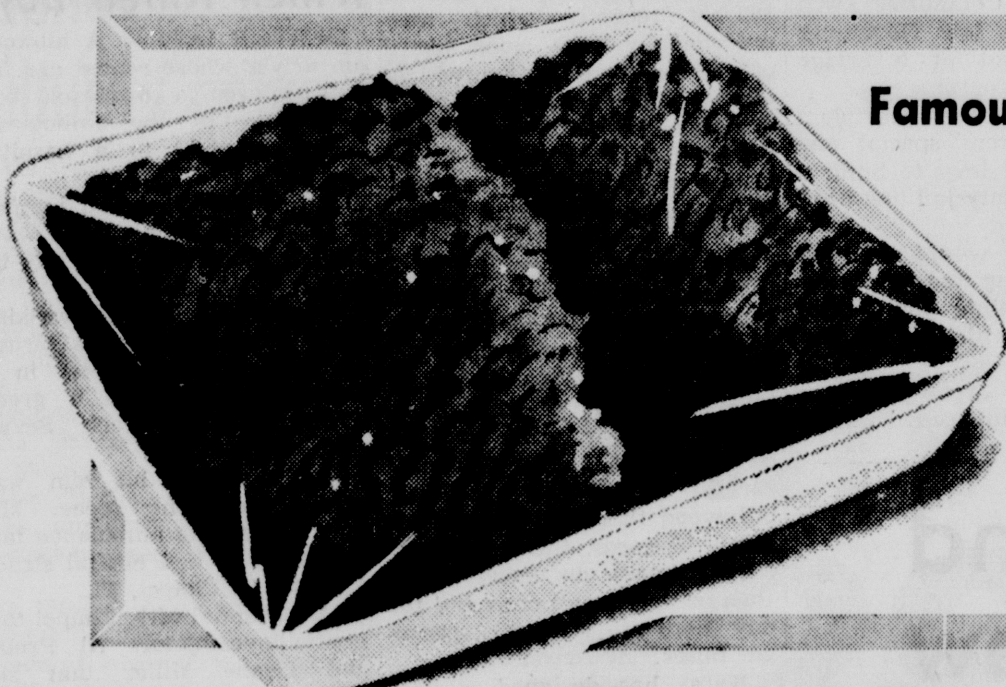

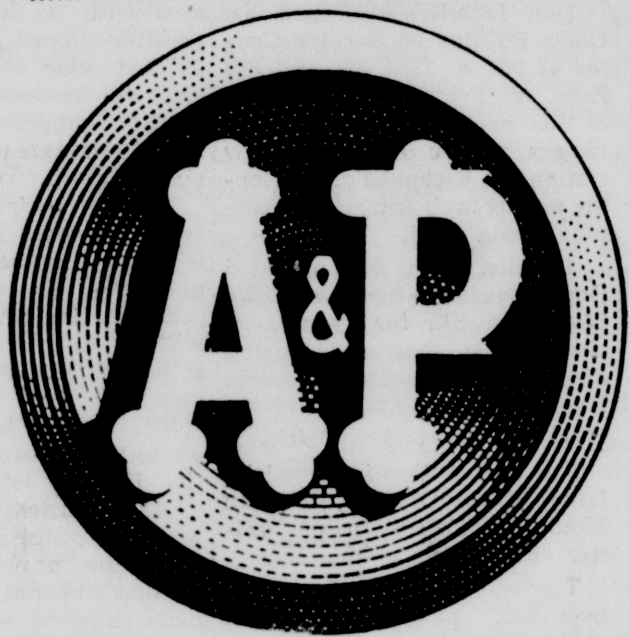

Americans already have contracts calling for shorter hours. And the AFL-CIO, at its convention in New York next month, is almost certain to ask Congress to cut the work week of another 20 million Americans by reducing the present 40-hour minimum.

Travelers passing from Iowa to Colorado have noted the rapid decrease in height of wheat and corn.

PRANCING DOWN Sand Island in Ludington Park is a 4-point buck which wandered into Escanaba Wednesday afternoon. (Daily Press Photo by Bernard Schultz)

## Buck Visit Is Hunt Prelude

A four-point buck deer which wandered into Escanaba Wednesday afternoon to cause preparations for the hunting season which opens Nov. 9, caused considerable excitement in the downtown area.

It came in from the west and went down 3rd Avenue, cut through the yards of Mrs. Denis McGinn and Dr. and Mrs. Harold Groos and crossed Lake Shore Drive into Ludington Park.

People were chasing the animal all along, "trying to be helpful," and conservation officers attempted to guide the animal in the direction of Portage Marsh, where it could find a way back to the wilds in friendly cover.

But the deer had its own idea about where to go. It entered the Escanaba Marina near the bridge on the road that leads to the municipal beach, skirting Sand Island because the retaining wall didn't permit it to gain access to the island.

After swimming all the way out the marina entry it turned the point and walked up on the beach of Bay de Noc on Sand Island. It rested at the point under the willows. Police kept people away from the deer. Conservation officer Hugh Fisher attempted to get the animal headed for Portage but it crossed the bridge, ran through Ludington Park to the new Delta County Building and entered the water at the old merchants dock and started to swim toward the Reiss coal dock. The pursuit and reports ended with the buck in the water.

Next Saturday he'll be saying to other deer: "You think this hunting is dangerous; you should have been with me Wednesday last week!"

## Grounded Ore Carrier Freed; Gash In Hull

SAULT STE. MARIE (AP)—Republic Steel Corp.'s iron ore carrier, the Charles M. White, awaited word from the Coast Guard today on whether it could resume its downbound voyage after being freed from a channel bank east of the Soo Locks.

The vessel, bound from Lake Superior to Ashtabula, Ohio with 15,000 tons of iron ore, ran aground in fog early Monday at a place known as the north end of the Bayfield turn.

The ship was refloated Wednesday after some 2,500 tons of ore were removed from the forward hull. A barge and tug were summoned to aid crew members in the lightering operations.

The ship was towed into the Soo Harbor where it was to be examined by the Coast Guard's Marine Inspection Bureau. Crew members reported there was a slight gash in the hull, apparently caused by the anchor when it was thrown overboard after the ship ran aground.

## K-C Sponsoring Boysville Dance

The annual Michigan State Council Knights of Columbus Boysville dances will be held throughout the state this fall and Escanaba Council No. 640 will hold its dance on Saturday night, Nov. 2, from 9 to 12:30 at their clubrooms in the Sherman Hotel building.

There are 160 local council units, state-wide, who sponsor social functions to further the charitable educational project to aid needy teen-agers. Boysville of Michigan, in the Village of Macon, Lenawee County, is a boarding eight grade through high school, for teen-agers with a problem; not problem boys. It is not a correctional or custodial institution.

Boysville's students are orphans or victims of homes disrupted by deaths, illness, separations, discord, improvidence or other detriments beyond the boys' own control. It is sponsored by the five Catholic Dioceses of Michigan, under the teaching and direction of the Brothers of Holy Cross of Notre Dame, Indiana. The Knights of Columbus of Mich-

## New England Gets Snowfall

CHICAGO (AP)—Rain, snow and cloudy skies covered Northern areas of the nation today from the Rockies into New England.

More rain and snow pelted northern New England, ending the long drought in most areas. One to three inches of fresh snow fell in eastern parts of Maine and the season's first wintry storm dumped more than 18 inches of snow in some parts of the state.

Six persons, including four hunters, were lost in northern Maine wilderness areas in near-blizzard conditions.

Snow also fell in Wyoming and Colorado, with four inches in Leadville, Colo., and smaller amounts in Lander and Casper, Wyo.

## County To End Driveway Plow Service In '65

Delta County Road Commission will end its driveway snowplowing for rural residents in the winter of 1964-65, the commissioners decided Wednesday night in a special meeting at the road office.

The action followed an advisory vote by 24 of 27 members of the Delta County Board of Supervisors who were meeting with the road commission. The supervisors voted 22 to 2 to advise discontinuing the snow plowing service.

William J. Karas, Delta County highway engineer-supervisor, reviewed the situation for the supervisors. The county board last discussed the situation in 1956, when it was advised that the service was legal. Rep. Sinar Erlandson (D-Delta) attempted without success to get the legislature to make it legal.

The problem is that the county's road equipment is not protected by its liability insurance coverage when it leaves the highway and enters a private driveway.

In 1956 Delta had 1,100 contracts with rural home owners to plow their driveways. It raised the rates from \$15-\$20-\$24 (varying on drive types) to \$20-\$25-\$30 and many persons no longer asked the service; they made some private arrangement for snow plowing.

By last winter fee increases and private arrangements had cut the county's driveway service customers to 416.

In a Flat Rock area where every driveway was served a few years ago none is served today, said Karas. "In case of emergency," he added, "we will go anywhere, anytime."

The service was instituted to aid farmers in winter and there were only 103 farms served last winter. The other patrons were rural residents, 185, former farm residences, 81, and camps and other customers, 47.

Storm Hits Boat In Indian Ocean; 9 People Starve

COLOMBO, Ceylon (AP)—Nine Malaysians—three men, four women and two children—died of starvation and exhaustion when their boat drifted for 16 days in the Indian Ocean, survivors reported today.

Eleven survivors were brought to Colombo after being picked up off Sumatra by a freighter. The survivors said they had put out from one of the Maldivian Islands southwest of Ceylon. Stormy seas pushed them off course, and they lost their water supplies and most of their food.

Stormy seas pushed them off course, and they lost their water supplies and most of their food.

## Half Mill Tax For Bridging In County Favored

Delta County Board of Supervisors, meeting with the Delta County Road Commission Wednesday night at the road office, recorded its approval of the development of a millage levy—probably a half mill for 5 years—to finance a bridge construction program in Delta County.

There were 24 of the 27 supervisors present, along with the road commissioners and representatives of the City of Escanaba and the City of Gladstone and Escanaba Mayor Harold Vanlerberghe said that there was a unanimous spirit of cooperation in the bridge program. "It was obvious, after an excellent presentation of the needs by Highway Engineer William Karas," said Mayor Vanlerberghe "that this is something in which the cities and the townships must unite for a solution. Some of the townships lack means to cope with their bridge problems and these bridges are vital to road traffic that helps the economies of the cities, so we must develop some kind of a sharing program."

## Moon Program Has Shortcut

WASHINGTON (AP)—The United States is taking a detour in its space route and hopes it will be a shortcut to the moon with about \$50 million less in toll charges.

It eliminated Wednesday four flights from the Apollo program—flights in which a low-powered Saturn rocket would have carried two astronauts into orbit aboard a stripped-down Apollo spacecraft.

The flights were scheduled to begin in 1965.

Skipping this step will mean a nine-month delay in the first orbital flights of Apollo astronauts. The next flights are to be the orbiting of the full three-man Apollo teams in a complete Apollo craft with a more powerful rocket system, Saturn 1-B, in 1966.

A spokesman said the space agency feels that by concentrating on the stripped-down program the United States has a better chance of putting a man on the moon by the target date of 1970.

The National Aeronautics and Space Administration said the action would save some \$50 million and help it stay within its stripped-down budget for this fiscal year—\$5.35 billion.

## Ambulance Hits Driver Of Auto Which Killed Boy

DENVER (AP)—A hit-and-run driver whose rented car fatally injured a 6-year-old boy was struck by the ambulance taking the child to a hospital Wednesday.

The woman, who had jumped in front of the ambulance waving her arms, was critically injured.

Preston H. Smith, walking home from school, was struck as he crossed a street in a marked walkway on a green light, Detective Jack Sevier said.

The car that hit him was driven from the scene. Moments later, the ambulance taking the child to a hospital struck Mrs. Marie Chapel, 33.

At a hospital Mrs. Chapel told traffic investigators Al Preble and Duane Miller that she drove the car in the accident. Miller said he would seek a manslaughter charge against her.

## South Carolina Farmer Accused Of Having Slave

COLUMBIA, S.C. (AP)—An indictment charging a white Florence County farmer with holding a Negro worker in slavery and peonage was returned by a federal grand jury Wednesday.

The two-count indictment alleges that Robert Moultrie Cook, 54, used force and violence on April 27 to make Max Roy McKenzie, a Negro, work against his will.

It also accuses Cook of causing the arrest of McKenzie with the intent of placing the Negro in a condition of peonage.

Convictions under the charges provide penalties of a \$5,000 fine or five years imprisonment, or both.

## Briefly Told

Members of the Bay de Noc Chorus, Escanaba Chapter, SPEBSQSA, which is leaving at 6:30 a. m., Saturday for Hopkins, Minn., to compete in the regional chorus contest, will meet at Carpenter's Hall this evening at 8 for rehearsal.

## Delta Museum Attracts 4,218

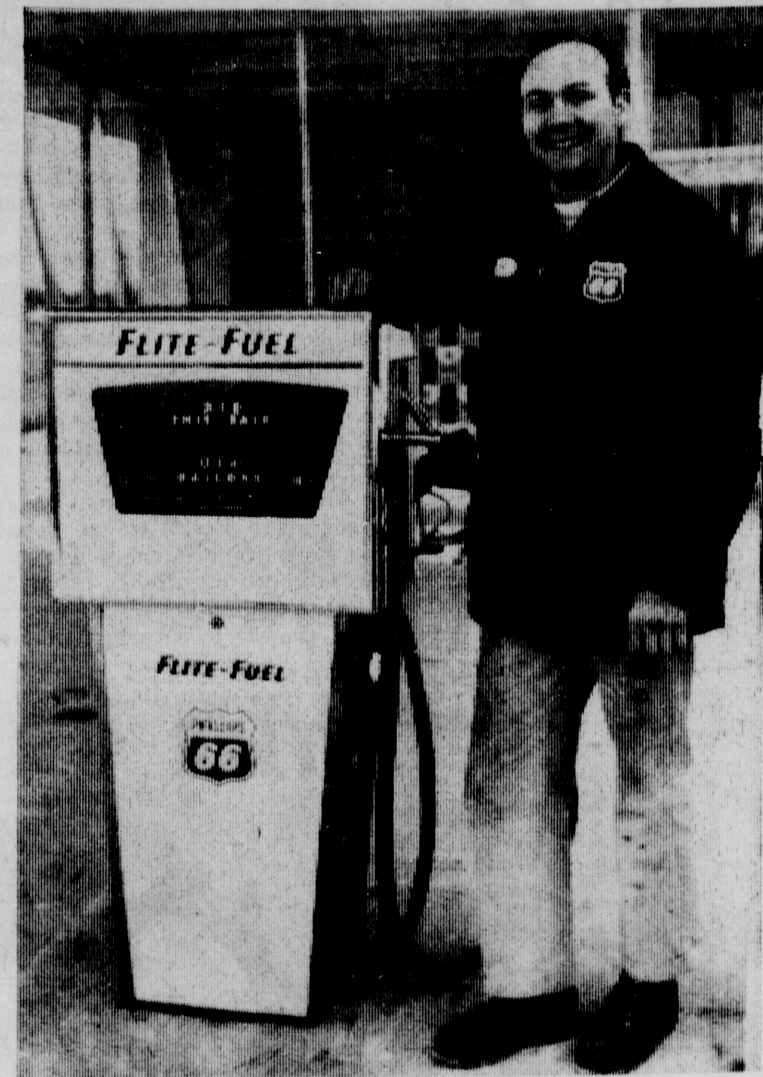

Four thousand two hundred and eighteen visitors registered at the Delta County Historical Museum at Sand Point this year, an increase of 600 over a year ago, it is reported by Dave Coon, Museum director and secretary of the Delta County Historical Society.

"This is the only means we have of keeping a count of those who visit the Museum, but there are many who fail to register," Coon explained. "The reply is 'I live here' and so many who come from Escanaba don't register, perhaps thinking it is only for those from other cities."

There were visitors from many states but the largest number came from Michigan. There was a rush of visitors during Centennial Week and for several hours the Museum was so crowded that persons had to wait for a group to leave before they could enter.

The Museum was opened on May 10 and closed for the season on Sept. 5.

"Many additional gifts of both intrinsic and historical value were received by the Museum this year," Coon re-

DON LAVELLE is pictured at one of the pumps of his new Don's Phillips 66 Service Center at 901 S. 23rd St. which will open for business on Friday. (Daily Press Photo)

## Don's Service Center Opening

Don Lavelle will open his Don's Phillips 66 Service Center at 901 S. 23rd St., and 8th Ave., on Friday and Saturday of this week with gifts for customers at the attractive new station in Escanaba's developing new church and school complex along 23rd.

Lavelle, who has operated Don's Muffler Shop at 1628 Ludington St., for years, is closing that shop and moving his muffler business to the new station, where he will offer the same service.

The new station is owned by Lake States Oil Co., of Iron Mountain, distributor of Phillips 66 products in this area.

The station is unique in appearance, having a rising, wedge-shaped canopy instead of the conventional square canopy running out from the station to cover the service island

area with its four automatic gasoline pumps. The canopy is 25 feet wide at the base and runs out 36 feet to a peak beyond the support for the revolving, illuminated Phillips 66 sign.

The station is the first of its type built here. Another like it is under construction at Marquette.

The station's hours of service will be from 6:30 a. m. to 9 p. m., daily and 8 to 6 on Sundays.

The station is finished in white with a broad red decorative banding. It has a service area, a lubrication bay and a wash bay, and rest rooms.

Lavelle, a native of Michigan who has lived in Escanaba since he was a year old, lives at 409 S. 11th St., and is wed to the former Lois Cooper, daughter of Mr. and Mrs. Lee Cooper of Bay View.

## Plans For Jail Approved; Set Bid Letting Date

County Prosecutor Nicholas P. Chapekis was notified Wednesday by the Housing & Home Finance office of Chicago that the plans and specifications for the new Delta County Jail have been rated acceptable for bids.

The date for opening and letting of bids on the \$354,000 project has been set as Nov. 27 at 2 p. m., in the Delta County Building.

Chapekis was informed of the action during a telephone conversation yesterday and the information was confirmed in a letter received by him today from J. P. Harris, region director of community facilities.

It is hoped that construction of the new jail will get under way before cold weather. Footings and foundations are expected to be in place by the first of the year.

Chapekis said that while plans and specifications for bidding on the project have not been sent out as yet, they may be obtained through G. Arntzen Architect & Co., of Escanaba.

## Mrs. Selma Grein, Former Newberry Resident Dies

NEWBERRY—Mrs. Selma Grein, 64, former resident of Newberry, died Wednesday in Superior, Wis., after a long illness.

She was born in Newberry March 14, 1899, a daughter of the late Mr. and Mrs. Matt Hendrickson, and she was married to William Grein in 1921. He died May 17, 1958.

She was a member of Bethlehem Lutheran Church. Surviving are a son, William, of Superior, and a daughter, Mrs. Robert (Helen) Gilstaf of Grosse Pointe Woods, and five grandchildren.

Friends may call at the Beaulieu funeral home after 3 p. m. Friday. Services will be held at the funeral home chapel Saturday at 2 p. m. with the Rev. Evert Torkko officiating. Burial will be in Forest Home Cemetery.

## Phantom Bugler Heard In Miami

MIAMI, Fla. (AP)—The phantom bugler, who knows the secret phone number for hooking into the Eastern Air Lines public address system, has struck again.

For months, the bugler has sporadically serenaded Miami employees with "Taps," apparently tooted on a toy trumpet.

Last week, a hanger sprinkler system suddenly spouted. As crews began to mop up, the public address system clicked on and the familiar trumpet began:

"Row, row, row your boats, gently down the stream..."

## Rock

### Tractor Accident

Albert Weldum escaped serious injury Tuesday when the Tractor he was skidding in the woods with, tipped over backward. Luckily he fell between the logs and was not crushed. He received bruises and a slight fracture in the right shoulder.

### Farewell Party

A farewell party was given in honor of the Alrick Mikkila family Tuesday evening at Rock Faith Lutheran Church. Hostesses were members of the Ladies' Aid. The Mikkila family will leave Friday morning for Wheaton, Ill. The 8th grade students of Susan Mikkila's class honored her with a farewell party at the school last week. She was presented with a gift from the class.

### Memorial Services

The Rev. William Avery has announced that he will hold memorial services for members of the congregation who passed away during the past year. This service, in connection with All Saints Day, will be held Nov. 3 at 9 a. m. in Rock Faith Lutheran Church. Honored will be Mrs. Ida Jokela and Mrs. George Kaukoila.

### Legion Auxiliary

American Legion Auxiliary Unit 559 will meet at 7 p. m. Wednesday, Nov. 6, at the club house. An initiation ceremony will be conducted by Rapid River unit at 8 p. m. Lunch will be served by Jane Salo, Viola Trombly, Jenny Valier, Ruby Vandenbusche and Evelyn Vitala.

Services at the Bethany Lutheran Church at Perkins will be held at 10:30 a. m. Memorial service for Mrs. Ida Hag-

26¢ Tree Is Worth \$12.55

U.P. Forest Industry Outlook Very Promising

By RAY E. PFEIFER  
Michigan Conservation Dept.

During the last several years the total volume of timber cut each year from the forests of the Upper Peninsula has amounted to about 1.4 million cords and this cutting has generated an annual income of more than \$152 million.

Counting only the work required to cut the trees and get the wood to mills and plant the forests provided over 12,600 man years of work for local people. Wages and expenses paid throughout the U. P. for this work total about \$37 million per year.

The value added to forest products through manufacturing amounts to roughly \$93 million a year. This is wealth created at sawmills, veneer mills, box plants, flooring mills, cedar fence plants, pulp and paper mills and other non-furniture industries.

**694 U. P. Sawmills**  
At last count there were 694 sawmills operating in the U. P. Only 11 were producing more than 5 million board feet of lumber a year, while 634 were producing less than one million board feet a year. Total annual production of all these mills has been about 230 million board feet of lumber.

Production of veneer logs has dropped sharply during the last decade and does not promise to come back soon. About 15 million board feet were cut in 1958, less than half as much as in 1954. The greatest part went to Wisconsin plants. Only one large veneer plant is left in Michigan, the Birds Eye Veneer Co., at Escanaba. Just a few years ago there were four operating in the U. P., but decreasing supplies of high quality logs and stiff foreign competition have been responsible for the loss of these plants. It is also true that the mills were becoming somewhat obsolete.

**Pulpwood Income Tops**  
Bigger by far than sawlogs and veneer is the pulpwood industry. During recent years over 600,000 cords of pulpwood per year have been cut in the U. P., with 75 per cent going to mills in Wisconsin and the remainder to Upper Peninsula pulp and paper mills. The supply of most pulp species except spruce and balsam is good and with any degree of management will allow a greatly increased total harvest.

U. P. pulpwood is worth an average of \$2.75 a cord standing in the woods so landowners received an income of \$1,650,000 for stumpage. Cutters' wages added in the vicinity of \$4,000,000 of income and this only started the wood moving. Peelers in the woods were paid \$1,116,800 in 1959, skidders another \$1,800,000.

In comparison and in addition to the 96,000 truckloads of sawlogs handled in one year, pulpwood in 1959 made up 120,000 truckloads of which 364,000 cords went to railroad sidings and 243,000 cords were

trucked directly to the mills. About 130,000 cords went to resident mills and about 20,000 cords to mills in the Lower Peninsula.

**Four Paper Mills**  
There are now four pulp and paper mills and one small pulp mill (in Menominee) shipping pulp to its parent plant across the river (in Marinette, Wis.) and a new insulating board mill in the U. P. There is strong likelihood of increased production by these mills in the near future, there is enough wood for more mills in the eastern half of the peninsula and recent expansion in Wisconsin has increased the market for raw wood.

Latest production figures available for the cedar products industry are for 1954 when 4,600,000 posts were cut in the U. P. Production in 1960 is known to have been much greater, apparently more than 25 per cent above 1954.

In the secondary phase of manufacture (flooring mills, crate mills, box and pallet plants, paper and paper products plants, etc) the wood using industries employ at least

twice as many people as have been employed up to this point and pay wages, taxes, utilities, services and add the largest part to the total income which comes to the U. P. from its forests.

Fortunately, these working forests from which such a wealth of income is derived, also produce more animals and birds, provide continuous changes in the scenery, favor the production of many flowers and berries and do an excellent job of water conservation.

Net annual growth of trees is more than double the net annual drain of forest products. This is the reverse of the situation in 1935 when drains on the forest exceeded growth by over 50 per cent.

"While growing rapidly, miles upon miles of the forests are still too young to produce sawlogs or veneer logs and the demand for pulpwood, except for spruce, fir and jack pine, is far below what could be supplied.

The average pulpwood tree is worth just 26 cents standing in the woods, but if cut and put to use it will provide \$12.55 worth of income to the people and industries involved. These trees deserve good management and they are getting it.

Busy Session At Rock PTA Unit Meeting

ROCK—The Rock PTA met for a business session after the parent - teachers conference Monday evening.

A report on the dental program by Mrs. Robert Weingartner showed that of the 67 students (grades K-6) signed up for the program, 23 have been completed. The PTA approved sending students for more than four times in succession if they need more dental care. A discussion followed as to sending 7-8th grade students on the bus for dental work.

The report on the new savings program seemed to be worthwhile, whereby savings will be placed in the Credit Union instead of bonds. Chairman Mrs. Suio Ruotsala reported that she needed more volunteers for Friday mornings for the program. There was no report on the Special Milk program, other than about 60 students were served daily. The committee is to report at the next meeting as to whether it is worthwhile to continue the program. It is also hoped that more students will participate in the hot lunch. About 206 students are served daily.

Coch Roban Gill announced that the first home game in basketball will be Tuesday Nov. 19. The PTA plans to serve lunch at the home games. The members voted to turn over \$250 of PTA funds to the Student Loan Fund.

John Small suggested the members think about the possibility of purchasing robes for the school chorus. Victor Mankiewicz reported that the magazine sale conducted by the 7-8th grades was very successful. The 8th grade (37 students) sold \$5296.1 worth and the 7th grade (19 students) sold \$273.64 worth. A total of 222 subscriptions, totaling \$803.25 was sold by the two classes. After paying the publishing company and various individual and class prizes, a total of \$202.86 was turned over to the Athletic Fund.

Mrs. Vogt's room won the attendance award.

George Kulack announced that at the Nov. 25 meeting, Mrs. Seppi will show colored slides on Alaska. Lunch will be served by Mrs. Mary Nelson's room.

After the meeting mothers of pupils in Mrs. Biscumb's and Mrs. Lepisto's rooms served lunch in the Home ec room, with Mrs. Francis Trombly in charge.

Capital Lacks Culture Center

WASHINGTON (AP)—In the news from Washington: NATIONAL DISGRACE: It's a national disgrace that Washington has one of the nation's finest sports stadiums but no national cultural center, says Sen. Hubert H. Humphrey, D-Minn.

Testifying before a special Senate subcommittee on the arts Monday, Humphrey said: "The Berlin Opera House makes anything we have in Washington look like a woodshed."

The Minnesota Democrat backed bills that would permit the federal government to take a more active part in development of the arts.

LAOS REDS: The State Department has warned that Communist forces in Laos have received considerable quantities of supplies and military hardware in recent weeks.

In a news conference Monday, press officer Robert McCloskey said there was "some indication" that Vietnamese Communists were strengthening the Pathet Lao in the area of the Plaine des Jarres. But he said it is not clear if these actions mean the Communists will attack forces of the neutralist central government as they did last spring.

MOON LANDING TALKS: Chairman Clinton P. Anderson of the Senate Space Committee says the United States should be willing to discuss exchanging information with Russia on how to land a man on the moon.

In a statement Monday, the New Mexico Democrat said he did not regard remarks by Soviet Premier Khrushchev as rejecting President Kennedy's proposal for U.S.-Soviet cooperation on flights to the moon.

Anderson said he felt Khrushchev's statement was "a deferral of a manned lunar landing, and a willingness to find out how this nation intends to conduct its lunar expeditions."

Bridge Finished

GRAND RAPIDS (AP) — A major highway detour ends Saturday when repairs are completed on a bridge carrying U.S. 131 over the Grand River north of Grand Rapids.

# Voice Is Problem

Dear Readers: The following letter was forwarded to me by Mohammed Azhar Ali Kahn, of the Morning News in Karachi, Pakistan. I am printing it because it demonstrates so pointedly the universality of man's problems.

Dear Ann Landers: I read your column today in the Karachi Morning News and the letter that struck me was written by a 17-year-old boy named David.

You see, I am 17 years old, and my name is David, also. I have the same problem the American David wrote about. In fact, his description of himself fits me exactly.

I know how he feels when people mistake him on the telephone for his sister or his mother. It is horribly embarrassing, not only for me, but for the person who makes the error. Like the American David, I, too, hate to speak in the classroom because my voice is so high-pitched. When I make a contrived effort to speak in a lower voice I become tense and my voice becomes even higher.

Could you please send me the address of the American David, Miss Landers? Since we have the same problem perhaps we could help each other. Sincerely yours — ANOTHER DAVID.

Dear David: Thank you for writing. I regret that I cannot do as you ask, but under no circumstances would I put one reader in touch with another through this column.

You sound like a fine boy, David, and the American David who wrote sounds like a fine boy, too, but I would not risk introducing people through the mails because sometimes

people are not quite as fine as they sound on paper.

I hope you noticed my advice to the American David. It will work for you, too.

Dear Ann Landers: I just wrote a letter to you describing my problem. Before sealing the envelope I re-read it and was dumbfounded. Why? Because I suddenly realized I have read dozens of letters exactly like it — in your column.

Strange how each of us has a blind spot and thinks "I am different. The rules don't apply to me."

Here is the same tired story: Middle-aged woman — attractive, hungry for the excitement of an affair — she needs more affection. A middle-aged man, also married, and in their social crowd, confides that he has been smitten by her for years. His wife is cold and unfriendly. If it weren't for the children he'd get a divorce. How unfortunate that they didn't meet 20 years ago!

After a few months of sneaking around, the Romeo becomes tired of her and suggests they'd better stop seeing each other "for awhile" because his wife is getting wise. So the lady gets the brushoff, plus heartache and humiliation.

I almost believed his lies until I suddenly recognized the familiar ring of my letter. I know now my affair was just like the others — cheap and meaningless. Perhaps this letter will awaken some other middle-aged woman who feels the need for excitement. — MY NAME IS LEGION

Dear Legion: Thanks for a frank and humble letter. I can add nothing.

Confidential to TAKEN ADVANTAGE OF: Who raised those vegetables? Your children are selfish and lazy because they have never been taught to accept responsibility. Your husband has been leaning pretty good, too. So long as you are willing to carry the whole load I can assure you they will be glad to let you do it.

When necking becomes petting, watch out! To learn how the smart girls keeps both her dignity and her boy friend, send for ANN LANDERS' booklet, "Necking and Petting — And How Far To Go," enclosing with your request 20c in coin and a long self-addressed, stamped envelope.

Frank and Joseph Balestreri had cast many lines from their 35-foot trawler off San Francisco when the mammal surfaced beside them.

Tangled in the lines, the whale snapped them and one cut Frank's cheek.

"That mad whale got away with a lot of hooks in him," Joseph said.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

WHALE OF A NIBBLE  
SAN FRANCISCO (AP)—Two brothers fishing for salmon snagged a big whale.

Frank and Joseph Balestreri had cast many lines from their 35-foot trawler off San Francisco when the mammal surfaced beside them.

Tangled in the lines, the whale snapped them and one cut Frank's cheek.

"That mad whale got away with a lot of hooks in him," Joseph said.

### Gladstone News

## 'Get-Together' Highly Praised

Newcomers to Gladstone were given a hearty welcome Wednesday evening during a delightful fun-filled program at the James T. Jones School. The "Know Your Neighbor" night was designed to better acquaint newcomers to the city with various civic groups and to help them know their new city better.

Corsages were provided the newcomers by the Gladstone Florist. Hansen Canning awarded prizes for the evening.

Following an excellent buffet dinner in the new cafeteria of the James T. Jones School a program of entertainment was held. Mayor Frank Stupak welcomed the group as new residents of the city.

Highlight of the evening was a musical combo made up of volunteer musicians from the audience. The instruments consisted of improvised household items.

Those attending expressed their appreciation for a wonderful evening and all felt it was one of the most enjoyable times they have had.

The program and arrangements for the evening were spearheaded by Wallace Cameron, superintendent of schools. Committeemen assisting included: Reuben Sjoquist, Mrs. Jane Empson, Charles Burton, Ron Watson, Mrs. Anita Lewis and Bob Wellman.

The government of Ghana had the first all-African elected legislature with an all-African cabinet.

## Seek to Save Red Cross Founder's Home from Wrecker's Shoals

Built in 1892 for Clara Barton, Civil War nurse and founder of the Red Cross, a 38-room house on a wooded hill above the Potomac River near Glen Echo, Md., is sailing perilously near the shoals of progress. Roller coaster scaffolding of an amusement park rises in what was once its front yard. To the rescue: "The Friends of Clara Barton," an organization composed of the four Franks sisters. They have an option to buy the structure, a splendid example of steamboat Gothic architecture, purchase to be completed in January. Donations have reached upward of \$13,000. What is being saved as a historic site: a 38-room house, 87½ feet long, 45 feet wide. Pictures right and below give views of the house, an early headquarters of the American Red Cross, and presently containing much Barton memorabilia. At this time, some of the eight apartments into which the rooms are divided are occupied by branches of several government agencies.

CLARA BARTON'S historic home "sails" in all its 1892 steamboat Gothic splendor on a wooded hill overlooking the Potomac River near Glen Echo, Md.,

CENTRAL HALL of the Barton home is reminiscent of steamboat architecture, with its open well and three "decks."

RED CROSS windows dominate the "Red Cross Room." Miss Francis Franks displays various terms of Clara Barton memorabilia.

### Found Not Guilty Of Driving Charge

Chester R. Johnson, 61, of 1430 Sheridan Road, was found not guilty of driving while under the influence of alcohol during a jury trial before Municipal Judge James Fitzharris Wednesday.

Johnson was originally arrested by State Police on Oct. 14 at 2:20 p. m., on U. S. 2-41 in Escanaba after they observed his car jump a curb and continue to run along it. Officers said at the time they stopped Johnson's car he was intoxicated.

A mile is only six seconds long in the jet age of air transport.

### Moldy Parcel Worth \$54,200

WASHINGTON (AP)—A high school teacher who had to have another look at the Gettysburg battlefield got the glorious news today—that "moldy stuff" he scooped up last June is worth \$54,200.

"I feel sick. My legs are still shaking. Wow."

And then, "I'm waiting for some confirmation."

That was George C. Rapport's response when told by a newsman that the cache of mutilated currency he turned in to the Secret Service in New York last July has a redemption value that the Treasury sets at \$54,200.

It would just be my luck to run into something and get into trouble," said Rapport, 46, a social studies teacher at a Bellmore, N.Y., high school.

and two children were in their car nearby.

On the ground lay a rotted bundle.

"There was no one around," Rapport recalls. He picked it up—"I had no idea what was inside"—and placed it in the trunk of the car.

Later, he put it in the cellar of his home.

"I couldn't possibly spend any of it. It didn't look like currency. It was too moldy."

"About 10 days later, I didn't know what to do with it, so I reported it to the Secret Service in New York."

He says he was called to Washington by the Secret Service about three weeks ago to tell his story.

W. T. Howell, deputy treasurer of the United States, said the mutilated currency was forwarded to Washington to see how much was redeemable. Howell checked the National Park Service to see if it had any claim under law. He was told it did not.

Howell then notified the Internal Revenue Service since such findings are subject to federal income tax.

### Obituary

**MRS. VICTORINE PEPIN**  
Funeral services for Mrs. Victorine Pepin were held at 9 a. m. today at All Saints Church with Father Matt LaViolette officiating. Burial was in Perkins Cemetery. Honorary pallbearers of the Ladies Guild were Mesdames Ray Roy, Lawrence Grenier, Alphonse Demeter, Lawrence Groos, Carl Schenk and William LaCroix. Active pallbearers were Edward and Joseph Casimir, William Sharkey, Rene Verbrigghe, Dan LaGault and Paul Beauchamp.

### Briefly Told

State Police ticketed the following persons for traffic violations: Ronald Richer, Bark River, no operator's license; and Gerald T. Groleau of Ensign for defective equipment.

Classified Ads Cost Little But Do A Big Job

no hitches, that once the Revenue Service is done Rapport will get his money.

**MIGHTY LIKE A DAM**—A Saturn V booster test stand takes shape at the NASA-Marshall Space Flight Center in Huntsville, Ala., where the gigantic moon capsule boosters are built and tested. The concrete pillars are nearly 150 feet tall; another 100 feet of superstructure will go on top of them. A derrick on the very top will make the total height of the structure 405 feet. Section that resembles the spillway of a dam is a flame deflector to channel the rocket's exhaust.

# Castro Claims Capture Of U.S. Sabotage Agents

HAVANA (AP)—Prime Minister Fidel Castro said Wednesday night his government has captured several agents of the U.S. Central Intelligence Agency, including two Canadian pilots, who were sent into Cuba on sabotage missions after Hurricane Flora.

He indicated they may face death sentences.

He said several prisoners from a CIA ship called the Rex would appear on television to tell their stories. He did not say when they would appear or give details of their capture but said the Rex was a 150-foot diesel craft flying the Nicaraguan flag and based in West Palm Beach, Fla.

In West Palm Beach, port manager Joel Wilcox said the Rex was tied up in Palm Beach. In his three-hour radio-television speech, Castro accused the CIA of systematically raiding Cuba and linked the Oct. 21 strafing of the American freighter J. Louis near Cuban waters with a CIA foray he said was taking place at the same time.

Castro said that Cuban fighters strafed the J. Louis because it was thought the freighter was a mother ship from which coastal raiders in small boats were being launched.

## Poison Mice To Save Yule Trees

The small field mouse can take a big toll on fruit and Christmas trees during the winter months, unless growers take a few simple control measures this fall.

Charles Shick, Michigan State University wildlife specialist, recommends that Christmas and fruit tree growers use zinc phosphide to combat mouse damage. One ounce of the zinc phosphide will treat 20 quarts of one-inch cubed cull apple, carrot or sweet potato which is sufficient for treating 1,000 trees. Most zinc phosphide has magnesium carbonate or other materials mixed with it.

Growers should place several handfuls of hay or straw much under and near trees where evidence indicates heavy mice populations. This should be done 10 days before using the bait. Mice living in the vicinity will be attracted to such cover. Shick cautions that zinc phosphide is poisonous to all forms of life, including humans and must be stored and used with care.

## LADY DECORATORS

SARASOTA, Fla. (AP) — A paint dealer here tells of a woman customer who came in with her Siamese cat and demanded paint the exact shade of blue of her pet's eyes. Other customers have arrived with samples of fruit and asked for matching colors.

## In This Corner

with Ray Crandall

The Great Lakes Conference will embark on a new football schedule system starting in 1964. Discarding the five-year rotation plan which has been in effect, the GLC next fall will begin a new schedule based on natural rivalries and geographic location.

The first problem to pop up in connection with the new schedule system was revealed at this week's annual fall conference held in Munising. It turns out that Gladstone and Stephenson are able to schedule only seven games for next fall, when the limit of games allowed by the MHSAA has been raised to nine. The two schools asked for, and received, permission to play each other twice if necessary in 1964, with both games to count in the conference standings.

In other Great Lakes action, the coaches and athletic directors approved a conference cross country meet to be held in Marquette next fall and voted to continue the annual frosh-soph basketball tournament with Munising hosting the finals.

Great Lakes Conference teams showed a winning record against non-conference opposition this season. The GLC clubs won 12 and lost eight outside the conference. The Menominee Range Conference also posted a winning record against non-league foes this fall, fashioning 11 victories against nine defeats.

Mike Dissinger, former star athlete at Manistique High School, is a highly regarded end prospect on the Michigan State freshman football squad this fall. Dissinger starred in basketball, football and track for the Emeralds last year.

Don Hill, basketball coach and athletic director at Hermansville High School, announces that new glass rectangular basketball backboards have been installed at the Community Club gym. And Stephenson school officials are set to open their brand new high school gym for the first basketball game of the 1963-64 campaign.

Great Lakes Conference brass, at the meeting in Munising Tuesday, discussed shifting the annual conference track and field championship meet from Manistique, where it has been held for many years. Unless they also take Bill Cook, Manistique athletic director and veteran meet manager along to manager the meet wherever it is held, we think they will be making a mistake. Cook annually conducts the fastest-moving, best organized and most colorful track meet in the Upper Peninsula. The drawback at Manistique is lack of adequate facilities to hold the big, 10-school meet. The Emerald track is limited in width, cutting down the number of lanes for runners and hurdlers.

## Dangers Of Road Face Collegiate Football Powers

By MURRAY ROSE  
Associated Press Sports Writer

The dangers of the road face four of the nation's Top Ten college football teams this week and Navy Coach Wayne Hardin has turned psychologist in an effort to beat the hazard this Saturday at Notre Dame.

Fourth-ranked Navy, 5-1-0, is a favorite over the thrice-beaten Irish, 2-3-0, but the slick-talking coach wouldn't mind if it was the other way around. Underdogs have a way of coming up for these traditional battles.

Probably in the hopes of preventing a letdown by his Mid-dies, following their 24-12 conquest of all-conquering Pitt last Saturday, Hardin has painted a gloomy picture of what it means to be a visiting team playing in the shadow of the Golden Dome.

"It's a definite disadvantage to play on that campus," said Hardin Wednesday.

"You're looking for The Gipper (legendary halfback George Gipp) Knute Rockne, and others that you know aren't really there. But it still bothers you."

The coach may have been a little fanciful about South Bend, but his players are fully aware of the extra pressures of playing away from home. Only a few weeks ago, lightly regarded Southern Methodist tumbled the Middles, 32-28, at Dallas.

Texas, 6-0-0, the Nation's No. 1 team and one of the four major college all-winners, faces

the same SMU Mustangs in the ranked Mississippi, 4-0-1, in Dallas Cotton Bowl. Third-State Tigers, 5-1-0, at Baton Rouge, La., and eight-ranked vades the lair of the Louisiana Wisconsin, 4-1-0. Journeys to East Lansing, Mich., for a joust with the resurgent Spartans, 3-1-1.

The other six members of the elite Top Ten are at home this week, and tickled silly the schedule gives them the break.

That's especially true for Illinois, 4-0-1, the No. 4 team which entertains Purdue, 3-2-0; fifth-ranked Auburn, 5-0-0, which has Florida, 3-2-1, as its guest; seventh-ranked Alabama, 5-1-0, which has Mississippi State, 4-1-1, coming for a visit, and 10th-ranked Pitt, 4-1-0, which has plenty of trouble heading its way from the traveling Orangemen of Syracuse, 1-1-0.

Ninth-ranked Ohio State, 3-1-1, probably doesn't need the advantages of home cooking against Iowa, 2-2-1, but isn't complaining. Sixth-ranked Oklahoma, 4-1-0, appears to have a softy this year in Colorado, 2-4-0, but still is glad it doesn't have to take on the Buffs in the thin air of the Rockies.

The Dodgers entered the recent World Series with only three players who had hit home runs in a previous classic. Bill Skowron had seven, all with the Yankees, Jim Gilliam two and Wally Moon one.

## Packers Lack Individual Leader In NFL Statistics

When the Green Bay Packers won their third straight Western Conference championship in 1962, they dominated the National Football League individually as well. The 1962 Packer team won four of the eight individual statistical titles.

Now, at the halfway point of the '63 NFL season, the Packers do not boast a single individual leader.

"But win or lose (the title)," says Packer Coach Vince Lombardi, "this team is the greatest. I'm saying it now, win or lose."

Lombardi's statement comes in the wake of Green Bay's 34-20 victory over Baltimore, a game in which the Colts rallied from a 20-3 deficit and had the Packers rocking in the fourth period.

### Three Sub Stars

Three of the biggest players in the Packer victory have not appeared among the individual leaders all season, and they don't figure to, barring sensational performances in the sec-

ond half of the season. Their names are John Roach, Elijah Pitts and Marv Fleming.

Roach found out he was going to play last Monday when X-rays showed regular quarterback Bart Starr had a broken hand. He responded with nine completions in 20 attempts for 161 yards and a TD.

Pitts found out he was going to play just before the game when it was decided finally not to risk No. 1 left halfback Tom Moore who had a bad back.

Fleming found out he was going to play early in the second quarter when regular tight end Ron Kramer suffered a knee injury. He came up with three catches for 51 yards and the TD, in a five-play drive that sent the Packers ahead 17-3 at the half.

While Roach took the Packers to their sixth victory in seven games, Starr, the '62 individual passing champion sat on the sidelines.

Starr, out indefinitely with

# Writers To Name All-U.P. Grid Team Here Saturday

The annual fall meeting of the Upper Peninsula Sports-writers Association will be held here Saturday with scribes from newspapers throughout the region gathering at the Sherman Hotel starting at 2.

Writers who have covered high school football teams throughout the season will make their 1963 selections for the All-U.P. teams, lineman and back of the year, coach of the year and the top team which will be awarded the Floyd Barber trophy.

A dozen newspapers will be represented at the meeting. Writers will attend from Menominee, Escanaba, Iron Mountain, Marquette, Ironwood, Houghton, Sault Ste. Marie, Iron River, Wakefield, Ne-gaunee and L'Anse. The Escanaba Daily Press will host the dinner following the afternoon business session.

Most observers feel the current crop of Upper Peninsula football players is one of the best in recent years. Competition for positions on the All-U.P. teams is expected to be extremely stiff with strong candidates from each section of the region.

This year's vote for the Barber Trophy winner also is expected to be a close one. There are three leading candidates—Soo, Kingsford and Ironwood. Each has an undefeated record and each is a conference champion. Each also has won the U.P. crown once previously. Soo in 1956, Kingsford in 1955 and Ironwood in 1953.

The Barber trophy, put into circulation by the 1913 Soo team in honor of its coach, has been awarded by the U.P. sportswriters since 1949 when Stambaugh was named the first official U.P. champion. Prior to 1949 the U.P. football crown was a mythical honor and as many as two or three teams often claimed it.

Other teams winning the top football laurel in the past were Menominee in 1950, Newberry 1951, Menominee 1952, Ironwood 1953, Iron River, 1954, Kingsford 1955, Soo 1956, Marquette 1957, Menominee 1958, Manistique 1959, Wakefield 1960, Escanaba 1961 and Holy Name 1962.

Named Upper Peninsula Coach of the Year by the writ-

ers last fall was Wayne Melchiori. Previous winners of the honor included Al Sigman of Escanaba, Russ Bruce of Iron Mountain, Dick Bonifas of Manistique, Bill Hart of Marquette, Rae Drake of Kingsford, Jis Pozza of Stephenson, Roman Yatchak of Wakefield, Harry Monson of Iron River and Ken Dadick of Menominee.

The writers will be naming their 27th annual All-Upper Peninsula team. The first team, picked in 1938 by a telephone poll of sportswriters, included two Escanaba players, Thor Nilsen and Bob Henry.

For the first time this year the writers will select two All-U.P. teams, splitting the selections into Class A-B and C-D.

## Goyette Hot For Rangers

By The Associated Press  
Phil Goyette and the Boston Bruins go together like ham and eggs.

Goyette, who plays for the New York Rangers in the National Hockey League, equalled a league record with four assists in one period a week ago Sunday when the Rangers beat Boston 5-1 at Madison Square Garden.

The Bruins came back to the and this time Goyette scored Garden ice Wednesday night three goals and assisted on Vic Hadfield's winning goal with only 50 seconds left. The 4-3 New York victory boosted the Rangers into a tie for third with the Montreal Canadiens, who lost to the Toronto Maple Leafs 6-3.

The defeat in Toronto was a costly one for Montreal since the Canadiens lost the services of goalie Gump Worsley for at least several weeks. Worsley suffered a pulled hamstring muscle in his left leg in the second period and was replaced by rookie Jean-Guy Morissette.

Two first-period goals by Eddie Litzenberger sparked the Maple Leafs to their victory which gave Toronto undisputed possession of second place, four points behind first place Chicago.

## Bork's Illinois Team Tops Poll

Northern Illinois, with its record-breaking passing and catching combination of George Bork and Hugh Rohrschneider, and the classy Delaware Blue Hens dominated the voting today in the Associated Press' weekly small college football poll.

The all-conquering Midwesterners trounced Eastern Illinois 43-0 for their seventh victory of the season and maintained a solid hold on the No. 1 spot. They received three first-place votes and five for second from the special national panel of eight selectors for a total of 85 points. A week ago Northern Illinois received 66 points. Points are counted on a basis of 10 for first, nine for second, etc.

Delaware slipped past beaten Florida A&M and took over second with 55 points. The Blue Hens, who whipped Connecticut, a major college, 26-14 for their fifth victory, received three first-place votes and were named on all eight ballots for 55 points.

Florida A&M suffered its first

defeat, 14-12 to Tennessee State, but still received 43 points. This was good for third place.

All of the other members of the Top Ten with the exception of unbeaten McNeese State, La., were held over for another week. Massachusetts, a powerful Eastern minor, walloped Boston University, a major team, 21-0, and gained eighth place. The Redmen have won five of six games and tied unbeaten Harvard in the other. They were not in the first ten a week ago.

Team	Pts.
1. Northern Illinois	85
2. Delaware	55
3. Florida A&M	43
4. Wittenberg	36
5. South Dakota St.	35
6. St. John's Minn	33
7. Texas A&I	31
8. Massachusetts	20
9. Kearney, Neb.	12
10. San Diego State	11

## Colavito Is Trade Bait

DETROIT (AP)—The Detroit Tigers' front office is using slugger Rocky Colavito as trade bait.

General Manager Jim Campbell confirmed this Wednesday, saying he has discussed a possible trade for Colavito with several other clubs, including the Milwaukee Braves of the National League.

Braves general manager John McHale conceded that "We'd like to get him."

"It's matter of coming up with the right type of players."

"We'd have to get more than Colavito to give up Matthews," McHale told newsmen.

McHale quickly doused speculation that Eddie Matthews might be dealt to Detroit for the 30-year-old Colavito.

Colavito came to Detroit from the Cleveland Indians in 1960 in the celebrated swap for Harvey Kuenn. Colavito had led the American League in home runs with 45 in 1959. And Kuenn won the AL batting title that year.

Before he became a Yankee, Babe Ruth belted only 49 home runs in six years with the Boston Red Sox.

## Dial Eyes Crown As Top Receiver

PITTSBURGH (AP)—Pass-catching whiz Buddy Dial of the Pittsburgh Steelers, off to the best start of his career, would like nothing better than to grab the National Football League pass-receiving crown this season—well almost nothing.

"Dadgum if Ah wouldn't like to win that (title)," Dial mused in his cheerful Texas drawl. "But Ah also want to play on a championship team and we have the chance this year."

"Ah don't know which one Ah want more," he added. "Maybe Ah can have both."

Maybe. But not likely. He has a better chance at the receiving honor than the Steelers have at the NFL championship.

The Steelers currently are fourth in the Eastern Division 1½ games behind front-running Cleveland. They're still in contention but with games left with the league's four powers—Green Bay, Cleveland, Chicago and New York—the odds against staying there are high.

But Dial, the former Rice All-America, is in an excellent position to capture the first pass-receiving title in his sensational five-year NFL career.

After seven games, Dial, the

good-looking ex-choir boy, is second in pass receptions with 36, eight less than St. Louis' Bobby Joe Conrad. But his 751 yards gained is 120 yards better than the next man in that category—fleet Bobby Mitchell of Washington.

Dial, noted for his brilliant faking maneuvers and his deft hands, also is tied with St. Louis' Sonny Randle and Chicago's Mike Ditka with seven touchdown passes. And with 42 points, he's tied for seventh in scoring.

## Rock Gridders Given Letters

ROCK—Coach Roman Gill awarded major and minor football letters to members of his Little Giant team this week.

Receiving major letter awards were Bill Johnson, Ed Linjala, Todd Kaminen, Don LaCosse, Mike Kulack, Robert Maki, Steve Rabideau, Mike Ruotsala, Bill Toyra, David Vertanen, George Mischeau and John Norden. Linjala was captain of the team that posted a 3-3 season record this season.

Minor letters were earned by Raymond Leach, Don Delmont, Dennis Verbrigghe, Clarence Johnson and Bill Kaukola. Numeral awards were received by Jeff Carlson, Jim Halmeoja and Robert Mankiewicz. Lyle Trombly served as student manager.

The Rock players and coaches will attend the Wolverine Conference banquet to be held at Bark River Nov. 5.

BOB (SHOWBOAT) HALL, veteran star player and comedian with the Harlem Globetrotters, will be seen in action at the Holy Name High School gym Friday, Nov. 8. The Globetrotters, in their 37th season of touring the country and the world, will play the San Francisco Golden Gaters. A five-act variety show will be staged between halves. The program is sponsored by the Holy Name Booster Club.

Brandeis University's soccer team is represented by 13 foreign nations. Jose Tartabull led the Kansas City Athletics in stolen bases with 16 last season.

# Koufax Selected Most Valuable; Groat Is Second

LOS ANGELES (AP)—South-paw Sandy Koufax of the world champion Los Angeles Dodgers, doesn't think a pitcher works often enough to win a Most Valuable Player award. But just the same he treasured the award today whether he agrees or not.

Racking up another of baseball's most honored salutes—he has the unanimous choice for the Cy Young Trophy recently as the major leagues' finest pitcher—Koufax captured the vote as the MVP in the National League.

The 20-man committee of the Baseball Writers Association voted him the prize.

This one wasn't unanimous, but the handsome, dark-haired Sandy beat out Dick Groat of the St. Louis Cardinals by a commanding 237 points to 190.

The Brooklyn-born Koufax, who lives here now, said: "I didn't think I was going to win it because I didn't think a pitcher would win. I am especially proud because I believe this is the most important award in baseball."

Perhaps the 28-year-old, 6-foot-2, 200-pound Sandy and others have a point in saying that everyday toilers in the baseball vineyard merit the MVP trophy.

But last year such Dodgers as Maury Wills, Don Drysdale, and

## Kemp Honored As Top Player

BUFFALO, N.Y. (AP)—Jack Kemp's confidence may be the reason he's the Player of the Week in the American Football League.

Like most of the 29,243 persons in the stands, Kemp figured he had blown the Buffalo Bills' chance to beat the Boston Patriots last Saturday night.

Hadn't the Patriots driven him from Boston's 11-yard line to the 40 with about two minutes left in the game? And didn't Mack Yoho miss a 47-yard field goal attempt that would have broken a 21-21 tie?

But Kemp, chosen by The Associated Press, recalled today that he had not given up hope.

"I thought we'd make it," he said. "We'd at least get close enough for a field goal if not a touchdown."

The view, he said, came when Buffalo regained the ball on its 28-yard line with 28 seconds to go.

"We had set up the play on the sideline," Kemp said as he described how Charlie Ferguson, a former Minnesota Viking, was instructed to sprint downfield and then cut to his left while Kemp made his throw.

Ferguson, a 6-foot-5 end filling in for Bill Miller, reached out, gathered in the ball on the Boston 20 and raced across the goalline untouched for Buffalo's 28-21 victory.

Earlier, Kemp scored three touchdowns, each on one-yard line smashes.

# Top Passers Face Baylor

NEW YORK (AP) — When Baylor plays host to Texas Christian Saturday, the Horned Frogs will have to stop the nation's top football passing combination, Don Trull and Larry Service. Baylor statistics re-Elkins, according to NCAA leased today.

Three weeks ago, Elkins was far down the list in pass receptions which was headed by Tulsa's John Simmons. Simmons was runner-up to Vern Burke of Oregon State last season and it was assumed these two would battle it out again for the championship.

But that has changed now. While both Elkins and Simmons have made 34 catches in five games, Elkins is recognized as the leader since he has more yardage with 475 yards and seven touchdowns as compared to 449 yards and two touchdowns for Simmons.

Meanwhile, Burke has moved into fourth place with 26 catches in six games, two behind Stan Crisson of Duke in the same number of games.

Cosmo Iacavazzi of Princeton, Dave Casinelli of Memphis State and Toledo's Jim Gray, last week's leader, share the scoring lead with 48 points.

Budd Lepman led Monmouth Park thoroughbred trainers with 20 victories during the summer meeting.

# Badgers Retain Hopes For Title

MADISON (AP)—It can't be a vintage year for Wisconsin football anymore, Ohio State again took care of that. But the Badgers haven't lost hope of hanging onto their Big Ten conference title.

"We have to win the rest of them and get some outside help in shooing off the Buckeyes," is the way Wisconsin Coach Milt Bruhn sized up the rugged job ahead.

The Badgers found themselves in the same position at this point last season. They bounced back from a 14-7 loss to Ohio State, drove over four remaining opponents, and capped an undisputed championship.

This season, the four games still on the agenda include meetings with Michigan State Saturday and Illinois two weeks hence. The Spartans and the Illini now share the conference leadership with Ohio State as a result of the Buckeyes spilling Wisconsin from the undefeated ranks last Saturday, 13-10. The three front-runners each have two conference victories and a tie. Wisconsin is 2-1.

Bruhn still was galled by the

# Spartans Stress Running Defense

EAST LANSING (AP) — Defense against the Wisconsin running attack is the major emphasis at Michigan State this week.

"They have a running game to match ours for speed and they are much bigger," explained Coach Duffy Daugherty.

An example is Wisconsin's Lou Holland, who has netted 310 yards rushing so far this season. He has helpmates, most of them Big Ten track contestants, also able to push.

Coaches are not neglecting the passing threat posed by south-paw quarterback Harold Brant, who has hit 48 of 93 throws for 537 yards.

Dave Fronek, with 12 for 12 on extra point tries and three field goals, offers another challenge.

# Celtics Stretch Unbeaten String

By The Associated Press

The champion Boston Celtics need 11 more victories to equal the longest winning streak at the start of the season in the National Basketball Association. It's a long haul, but the way the Celtics have been going they might do it.

With Johnny Havlicek and Tommy Heinsohn leading the attack the unbeaten Celtics won their fourth straight Wednesday night with a 108-102 march over the Detroit Pistons.

In other games the Philadelphia 76ers defeated the Baltimore Bullets 111-108, the St. Louis Hawks won their fourth in a row by walloping the New York Knicks 121-104 and Cincinnati beat the Los Angeles Lakers 115-107. The defeat knocked the Lakers out of first place in the Western Division. St. Louis took over.

The old Washington club reeled off 15 straight back in November and early December, 1948, to set the record for the longest winning streak at the start of a season. Boston is playing one game at a time and not worrying about any records, but the Celts won 17 straight during the 1960 season, so it isn't something they haven't done before.

Detroit, winless in all its three home starts, stayed in the NBA Western Division basement with a 1- record.

Havlicek broke a 38-38 tie in

the second quarter and contributed seven points in four minutes as the Celtics took a 55-44 halftime lead.

When the Pistons bounced back with 10 straight points in the third period, and came within three points of the Celtics, Havlicek again took charge, dumping in four baskets.

Heinsohn matched the four-basket streak early in the final quarter, after the Pistons had pulled to within five points of the Celtics. He finished with 19 points and Havlicek had 22.

Bailey Howell had 21 for Detroit and Bob Ferry 20.

# Hustle, Howe Key Wing Words

DETROIT (AP)—Hustle and Howe are the key words for the Detroit Red Wings tonight as they set out to regain fourth place in the National Hockey League from the New York Rangers.

The Rangers came to town after taking over fourth place by beating Boston Wednesday night. The Red Wings are trying to recover from two straight losses—attributed to lack of hustle.

Gordie Howe hopes to break the league record for career goals—544—that he shares with former Monareal star Maurice Rocket Richard.

Wings' manager-coach Sid Abel sent the players through a special workout Wednesday

when they return from Chicago, after losing to the league-leading Black Hawks, 5-1.

# Wells Is Back In UM Lineup

ANN ARBOR (AP)—Michigan football coach Bump Elliott was all smiles Wednesday upon learning that sophomore right half Dick Wells of Grand Rapids has been pronounced fit for Saturday's game against Northwestern.

Wells suffered a bad hip bruise in the Michigan State game and was sidelined for the Wolverines' last two games. Elliott said he would play Wells against the Wildcats.

# Fight Results

ROCHESTER, Minn. — Doug McLeod, 154, Grand Rapids, Mich., outpointed Sugar Boy Mando, 158, Rochester, 10.

ALBUQUERQUE, N. M. — Joey Lamas, 148½, Albuquerque, outpointed Aman Peck, 152, Tampa, Fla., 10.

SENDAI, Japan — Mistunori Seki, 125, Japan, knocked out Sirinoi Lukprakis, 124¼, Thailand, 3.

# Advice Helps

MONROE, Mich. (AP) — After Frank Broderick of Monroe bowled a 300 game Wednesday night, Pete Rayle, a bowler on the opposing team, sought his advice. Rayle came back with a 299 of his own.

# Cage Rules Meet Friday

High school basketball coaches and officials will attend a Michigan High School Athletic Assn. rules meeting Friday at 7 p.m. in Room 305-306 of the Escanaba Area Public High School.

Points of emphasis and new rules for the 1963-64 prep season will be outlined and the film "Official Basketball" will be shown. Vern Norris, assistant state director of athletics, will conduct the meeting and representatives of the Upper Peninsula on the state rules committee will attend.

# Tittle Is Named Player Of Week

NEW YORK (AP)—The Player of the Week in the National Football League has to be just one man—Yelberton Abraham Tittle. His probing of Cleveland's defenses with short passes and running plays and his brilliant automatics under heavy pressure is a "must" game were outstanding.

"Y. A. called as good a game as I ever saw a quarterback call," said Allie Sherman, his coach on the New York Giants and a former quarterback himself. "When I speak of calling a good game I don't mean passing on a first and 10 situation or not running on second and three. I mean taking a game plan, executing it and moving your stuff around. To top it off he is a great competitor."

All pro football fans must under Tittle, snapped Cleveland know by now that the Giants, land's six-game winning streak

last Sunday 33-6. Tittle, who turned 37 on Oct. 24, ignored his favorite weapon, the long ball or bomb. Instead he "chunked it out" as Sherman called it, passing accurately when the occasion demanded and sending Alex Webster, Hugh McElhenry, Phil King and Joe Morrison along the ground.

Tittle hit with eight straight passes in one streak, completed 14 of 20 in the first half and wound up the day with 21 of 31 for 214 yards and two touchdowns. He was named Star of the Week by the Associated Press.

If there was a Lineman of the Week category in the pro ranks, it would have to be Henry Jordan of the Green Bay Packers. The big defensive tackle made three key plays in the last quarter that saved the day for the Packers in a 34-20 victory over Baltimore.

# Spartans Stress Running Defense

EAST LANSING (AP) — Defense against the Wisconsin running attack is the major emphasis at Michigan State this week.

"They have a running game to match ours for speed and they are much bigger," explained Coach Duffy Daugherty.

An example is Wisconsin's Lou Holland, who has netted 310 yards rushing so far this season. He has helpmates, most of them Big Ten track contestants, also able to push.
